

SAI SURYA VADDE

Jersey City, NJ | (917) 664-8130 | saisurya.vadde@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Data Scientist with a strong computer science background and expertise in machine learning and Python. Experienced in building predictive models and leveraging Power BI to transform complex data into actionable insights. Committed to delivering accurate reporting, dynamic visualizations, and data-driven solutions to support strategic decision-making and operational improvements.

EDUCATION

New York Institute of technology

May 2025

Master of Science, Data Science

- **Coursework:** Big data analytics, Machine learning, deep learning, Natural Language Processing

Lovely Professional University

May 2022

Bachelor of Technology, Computer Science

- **Coursework:** Data Structures and Algorithms, Database Management Systems, Software Engineering, Computer Networks, Operating Systems, Object Oriented Programming

ACADEMIC PROJECTS

LEAF DISEASE DETECTION USING IMAGE PROCESSING

Jan 2025 - May 2025

New York Institute of technology

New York, NY

- Designed and implemented a CNN model to classify plant leaf images into diseased or healthy categories across multiple plant types.
- Visualized model performance using confusion matrix, precision, recall, and F1 score metrics.
- Deployed the model as a user-friendly web application using Streamlit for real-time disease detection

GESTURE CONTROLLED VIRTUAL MOUSE AND VOICE ASSISTANT

Feb 2022 - May 2022

Lovely Professional University

Punjab, INDIA

- Developed a virtual mouse system that recognizes hand gestures in real-time using a webcam, eliminating the need for a physical mouse.
- Implemented gesture-based actions like left-click, right-click, scroll, and drag using finger positions and distances.
- Enhanced user accessibility by providing a touchless alternative to traditional mouse input.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, Python
- **Web Technologies:** HTML, Django, REST API
- **Databases:** MySQL, Oracle
- **Frameworks / Libraries:** Pandas, NumPy, Scikit-learn, TensorFlow, PyTorch, Selenium
- **Data Visualization:** Power BI, Tableau
- **Tools & Platforms:** Git, GitHub, Docker, AWS, Hadoop, Linux, MATLAB, Power Platform, Power Apps, Power Query
- **Data Science & Quantitative Skills:** Statistical Methods, Relational Data Modeling, Distributed Data Processing, Experimental Design, Computer Science Background, Information Science Background, Mathematics Background, Data Analysis, Engineering Science

CERTIFICATIONS

- **Microsoft Azure:** Microsoft Azure and Azure DevOps
- **Cyber Security:** Introduction to cyber security
