SUMMARY

Data Scientist with experience in **machine learning**, **data visualization**, and **statistical analysis**, supported by a strong background in IT support. Skilled in **Python**, **R**, **C++**, **Oracle**, **ETL** and **Tableau**, with a proven ability to build predictive models, optimize data pipelines, and analyze complex datasets. Experienced in sourcing and interpreting data from platforms like **Mysidewalk** and the **U.S. Census Bureau** to uncover trends for organizations like **Boeing** and **The McDonnell Foundation**.

EDUCATION

Saint Louis University - Saint Louis, MO

Bachelor of Science - May 2024

Majors in Computer Science and Cybersecurity; **Minor** in Security and Strategic Intelligence; **Certificate** in Cybersecurity and Data Science

Relevant Coursework: Data Analysis; Statistics; Software Engineering; Machine Learning; Algorithms; Artificial Intelligence

WORK EXPERIENCE

Lead Data Scientist

January 2024 - May 2025

Luxury Leaf | Saint Louis, MO

- Utilized tools such as **Dutchie**, **Metrc**, **Excel**, **Headset**, **Tableau**, and **Power BI** to optimize business operations and support data-driven growth.
- Analyzed over 100,000 data points from Metrc and Headset across 12+ retail locations, uncovering purchasing trends that led to a 15% increase in top-performing SKU visibility, a 10% reduction in slow-moving inventory, and a 20% improvement in stock turnover.
- Systemized compelling data visualizations and dashboards to communicate findings and align strategies with organizational goals through Power BI and Tableau.
- Partnered with marketing, sales, and operations teams to translate data insights into targeted campaigns and process improvements, resulting in a 25% lift in customer engagement and a 12% increase in quarterly revenue.

Data Scientist Fellowship

April 2023 - December 2023

Center of Civic Research and Innovation | Saint Louis, MO

- Developed machine learning models using **Python** and **R** to predict customer behavior, increasing retention rates and informing data-driven product strategies for multiple stakeholders.
- Established in-depth data analysis with **Mysidewalk** and the **U.S. Census Bureau**, identifying key trends and actionable insights for strategic decision-making for the County and City of Saint Louis.
- Organized dynamic dashboards using **Tableau** and **Ignite** to visualize complex data, improving stakeholder understanding and driving smarter business outcomes, collaborated with Boeing and the James S. McDonnell Foundation.
- Mentored with 3 Data Scientists on advanced analytics techniques and best practices, fostering a collaborative and technically proficient data science team.

I.T. Service Desk II

January 2022 - March 2023

Maritz | Fenton, MO

- Provided remote technical support in a high-volume call center, resolving issues via Microsoft, PowerShell, and Command Prompt.
- Imaged, configured, and assembled over 9,500 systems including **Dell 3571**, **MacBook Pro M1/M2**, and **Dell Precision Towers** for over end-user deployment.
- Launched, managed, and resolved IT service tickets, often assisting with and closing out escalated or misrouted tickets.
- Ensure clear communication with end-users during remote sessions, increasing satisfaction and minimizing repeat support requests.

PROFESSIONAL PROFILE

Technical Skills: SQL, PHP, Javascript, HTML/CSS, MATLAB, Python, Ruby, C++, Tableau, Excel, CMD, Powershell, Azure, Metrc, PowerBi

Languages: Fluent in English and Gujarati

Certifications & Training: AWS, New Jersey Institute of Technology | Summer 2017 and 2018 | Python - Robotics - HTML - Virtual Reality

Awards: Eagle Scout | Boy Scouts of America | Nov 2019
