

Aanchal Sharma^{CAPM®}

Bellevue, WA | aanchal19sharma@gmail.com | +1 425-515-6578 | [LinkedIn](#)

Eligible to work in the US with H4 EAD

EXPERIENCE

[PROJXON](#) | Project Manager Intern - IT

Bellevue, WA | Feb 2025 - Present

- [PROJXON webpage](#), managed the development of the website, delivering within scope and timeline through Agile practices and continuous feedback cycles.
- **Zephyr Aero Leather webpage**, managing the end-to-end development of the website, overseeing task assignments and progress tracking using JIRA to ensure timely delivery and project alignment.
- **The Phelan Focus**, defined project scope, built a comprehensive roadmap, managed resource allocation, and conducted stakeholder analysis to ensure successful planning and execution using Google sheets and Clickup.
- **MIP & Canvas Course Certificate Generator**, managed the development of an application to automate PDF certificate generation for Canvas course completions, reducing manual effort by streamlining input processing and template-based outputs.
- IT Team Lead for a team of 16 people, managing daily operations, team coordination, and risk management.
- Collaborated with a cross-functional team across diverse cultures and time zones to proactively identify and mitigate risks, streamline workflows, and ensure timely achievement of project milestones.
- Maintained and audited the IT project backlog in ClickUp, enhancing visibility and reducing unassigned project time by 40%.

[PROJXON](#) | Project Manager Intern- Ops

Bellevue, WA | Feb 2025 - Present

- **PMO Playbook**, development and execution of the for the Operations Department, establishing standardized project management practices to drive consistency, improve efficiency, and align cross-functional teams.
- **Professional development workshops at PROJXON**, project managed a series of guiding interns on resume building, LinkedIn optimization, skill enhancement, and training on new industry tools to support their career growth.
- **Automate offer letter generation**, collaborated with HR and IT teams to automate offer letter generation using Google APIs, achieving a 85% success rate and significantly reducing manual effort and turnaround time.
- Directed operational initiatives across Legal, Finance, PMO, and HR to drive process improvements.

[Nuubi](#) | Project Manager Intern

Bellevue, WA | Sep 2024 - Dec 2024

- **Pilot launch of NUUBI app**, managed cross-functional teams (UI/UX, UXR, App Dev, Marketing) using ClickUp and Slack for task tracking, documentation, and workflows. ([nuubi.app](#))
- Created roadmaps, backlogs, workflows, and issue logs to streamline project execution.
- Initiated and led meetings with team leads and the CEO to align on goals, resolve blockers, and improve communication.
- Improved project timelines by **15%** by identifying pain points and optimizing processes.
- Onboarded and trained a team of 30 members on ClickUp; established best practices, customized workflows, and improved team adoption of the platform for effective task and project management.
- Tracked milestones, documented meeting minutes, and ensured timely follow-up on action items.

[MIET](#) | Assistant Professor

Meerut, India | Jan 2018 - Jan 2019

- **Teaching Experience:** Subject taught “EHVAC & HVDC TRANSMISSION” and “Power System optimization” with a 100% passing percentage. Designing detailed lesson plans, scheduling the lessons weekly and for the current session, preparing contingency plans, and creating and administering quizzes and assignments. Mentoring students to help them grasp complex concepts.
- **Administrative Responsibilities:** As a class counsellor and Academic counsellor: Monitor student performance, provide personalized feedback, and communicate progress updates to parents. As a Training and Placement coordinator: Organizing and managing job placement activities, including collaborating with companies and arranging campus visits.
- **Laboratory Management:** Network and System lab, Basic Electrical Engineering lab.

- Collaborated with the Program Coordinator (Director, SOET) to develop a comprehensive e-course titled "Solar PV Water Pumping System: Installation, Operation & Maintenance."

- **Solar Power Generation Expertise:** Possess a deep understanding of solar power generation principles and technologies, including grid-tied and off-grid systems.
- **Simulation Development:** Developed and utilized PVsyst simulations to model and analyze grid-tied and off-grid solar projects, ensuring accurate performance predictions and feasibility assessments.

CERTIFICATION

Certified Associate in Project Management: by PMI

- Recently earned the *CAPM*® from PMI, demonstrating a strong foundation in Project Management principles, Predictive and Agile project management methodologies and Business Analysis.

Google Project Management: by Google

- Developed core project management skills including Agile and Scrum practices, project planning, and stakeholder communication. Gained practical experience in managing project lifecycles, creating key artifacts, and leading teams through real-world scenarios aligned with program and project goals.

Certification of Attainment: by Global Sustainable Energy Solutions India

- 4 weeks Professional Advantage course on Solar Photovoltaic (PV) Systems Design, Installation and Maintenance
- Skilled in addressing fundamental challenges associated with photovoltaic energy systems, encompassing the design, installation, operation, and maintenance of grid-connected and off-grid PV power supply systems.

PUBLICATIONS

- Author of and presented "Multiple dominant current harmonics removal using shunt hybrid active filters under harmonically balanced condition" at an IEEE conference. <https://ieeexplore.ieee.org/document/7853142>
- Author of "A Novel Approach to Multiple Dominant Current Harmonics Removal Under Realistic Utility Condition of Harmonic Unbalance". <https://ieeexplore.ieee.org/document/7915978>
- Author of and presented "Removal of dominant negative sequence current harmonics using a shunt hybrid active filter" at the National Conference(India) on Advancements in Electrical Engineering and Energy Sciences (AEEES-2016).
- Author of "An Active Power Line Conditioner - a combined system of Shunt Hybrid Active filter and Pure Active Filter for Removal of Source Current Harmonics". Published in AEEES-2016.

SKILLS

- **Technical skills:** Asana, Clickup, Jira, Slack, Discord, Python, AutoCAD, MATLAB, DSPACE, DSP 28335, Google workspace, Microsoft Office, Microsoft Visio.
- **Soft Skills:** Teamwork, Adaptability, Leadership, Problem-solving, Communication, Project Management, Strategy, Content Creation, Empathy.

EDUCATION

PEC University of Technology

Chandigarh, India | 2014-16

- Masters of Engineering in Electrical Engineering | **GPA 9.39/10**

Birla Institute of Technology

Mesra, India | 2012-2015

- Bachelor of Technology in Electrical Electronics Engineering | **GPA 7.57/10**
