

ABBY GOUBEAUX

(419) 630-7125 | abby.goubeaux@gmail.com | Phoenix, AZ

SUMMARY

Detail-oriented, Report Quality Assurance Specialist III with a proven track record of identifying and resolving errors, improving processes, and meeting strict deadlines. Exceptional attention to detail and strong communication skills contribute to successful collaboration with cross-functional teams. I also have experience managing large datasets using SQL, Python, Tableau, R, Machine Learning, Excel, and Power BI.

EDUCATION

Master of Science - Data Science | Eastern University - 2024

- Learned programming in open-access software such as Tableau, Python, R and SQL as well as important education in mathematics, statistics, data analysis, and machine learning

Bachelor of Science - Nutritional Science | Arizona State University - 2021

- Studied how living organisms, primarily humans, use the nutrients in food to support and sustain their life and health.

Associate of Applied Science - Medical Laboratory Technology | Edison Community College - 2013

- Studied how to prepare specimens for testing, analyze body fluids, and use automated equipment and instruments to perform testing.
