EDUCATION

University of Utah, David Eccles School of Business

Master of Science in Information Systems | GPA: (3.9/4.0)

Salt Lake City, UT

Aug 2023 - Dec 2024

B.V. Raju Institute of Technology

Bachelor of Technology in Information Technology | GPA: (3.5/4.0)

Hyderabad, India

Aug 2019 - Jun 2023

EXPERIENCE

Graduate Teaching Assistant

Salt Lake City, UT

University of Utah, David Eccles School of Business

Jul 2024 - Dec 2024

- Allied with over 200 students in Operations and Supply Chain Management and Applications of Business Statistics, utilizing tools like Excel, Tableau, and statistical software to analyze coursework and enhance operational processes.
- Spearheaded Lean methodologies and Scrum boards, streamlining workflows and improving efficiency by 25% while enhancing real-world concept applications.
- Revamped grading systems with advanced data analysis techniques, increasing evaluation accuracy by 30%.

Data Analyst

StableCoupons Inc. / Bulkmagic

(Remote) | Feb 2025 – Present

- Analyzed customer engagement, loyalty metrics, and campaign performance using SQL, Python, Power BI, Tableau, and Excel.
- Delivered actionable insights that improved customer retention by 25% during Bulkmagic's product launch.
- Improved retention metrics by 25% through data-driven optimization strategies.

SKILLS

- **Programming:** Java, JavaScript, Python (NumPy, pandas, SciPy, Scikit-Learn, Matplotlib, Seaborn), R, SQL.
- **Webservices:** HTML, CSS, XML, Google cloud big query, SAS, Qlik, Google Colab, Kaggle, jupyter notebook.
- **Analytics/Visualization and Tools:** GitHub, Tableau, power bi, R Studio, Visual Studio, DAX, Data Bricks, EDA, Alteryx.
- **Database:** Oracle, PostgreSQL, MySQL, Excel/Access, Microsoft SQL Server.
- **Data Analysis & System Analysis:** Data mining, Statistical analysis, Statistical modelling, Analytical decision models, modelling algorithms, SDLC, Data Visualization, Data Cleaning, Scrum board, Agile.

ACHIEVEMENTS AND CERTIFICATIONS

- **Project Management (NPTEL):** Implemented Microsoft Project, PMBOK methodologies to execute projects and enhance workflow efficiency.
- **Lean Six Sigma Green Belt:** Utilized DMAIC to drive process improvements, increasing efficiency by 30% and reducing operational costs by 15%.
- **Microsoft Certified Power BI Data Analyst Associate:** Designed interactive dashboards and data models to enable data-driven strategies.

PROJECTS

Game Day Analytics | Google Colab, Tableau, Power BI, Python.

- Analyzed and Conducted sentiment analysis on 1.7M Super Bowl tweets using Python, Tableau, and Power BI, unveiling insights that boosted user engagement by 30%.
- Synthesized multiple data sources and conducted sentiment analysis to reveal engagement-driving insights.
- Enhanced data quality by streamlining datasets, improving analytical precision, and boosting engagement-metrics by 30%.

Generative AI Hackathon | ChatGPT, Tableau, Excel, Power BI, Python.

- Achieved 35% improvement in sentiment analysis precision by analyzing 984 patient reviews using ChatGPT during a six-hour hackathon.
- Collaborated to formulate strategic recommendations, increasing decision-making efficiency by 20% through data visualization.

Ferns N Petals | PostgreSQL, Draw.io, Excel, Tableau.

- Engineered an advanced database workflows for Ferns N Petals, enhancing online service efficiency and improving customer service response by 25%.
- Optimized customer experience by implementing ethical data practices and improving query accuracy.

Airbnb Data Analysis Project | Tableau, Excel, PostgreSQL.

- Developed Tableau dashboards to identify pricing trends and optimize Airbnb rental strategies based on seasonal and geographic revenue data.
- Recommended optimal rental periods based on year-over-year revenue trends to enhance data-driven decision-making by 25%.
