EDUCATION

State University of New York at Binghamton

Master of Science in Computer Science - GPA - 3.50 / 4.00

Expected May 2026

Binghamton, New York

Thakur College of Engineering and Technology

Bachelor of Engineering - GPA - 3.80 / 4.00

June 2019 – May 2022

Mumbai, India

Technical Skills / Relevant Coursework

Relevant Coursework: Object Oriented Programming, Database Systems, Design & Analysis Computing Algorithm.

Languages: Java, Python, Progress 4GL, SQL, NOSQL.

Database: MongoDB, MySQL, PostgreSQL.

Other Skills: JIRA, Linux, Windows, Visual Studio Code, Eclipse, Agile Methodology, Tomcat.

Certification: Introduction to Scripting in Python, Python Programming Essentials, Computer Vision - Object Tracking with OpenCV and Python.

PROFESSIONAL EXPERIENCE

QAD India Private Limited 

August 2022 – July 2024

Associate Software Engineer

Mumbai, India

- Gained hands-on experience in troubleshooting and optimizing software performance, enhancing technical problem-solving skills and understanding of system integration during graduate training.
- Received comprehensive on-site training in AUX and NETUI modules of QAD ERP software, gaining proficiency in system navigation and utilization.
- Collaborated with a team of eight to resolve customer cases within the QAD ERP Suite, addressing critical bugs, performing maintenance, and improving platform performance, facilitating smooth operations across the Enterprise platform.
- Managed escalations, researching the causes, identifying the problem, and communicating solutions and next steps to the customers; collaborating with cross-functional teams to ensure consistent communication and documentation.
- Debugged and resolved software issues using Chrome Developer tools, Progress Editor, and Spring IDE while working on the software codebase.

PROJECTS

Purchase Order Notes Integration

April 2024 – May 2024

- Created notes section in purchase order header and lines.
- Streamlined communication between approvers and requestors by integrating query notes.
- Designed notes UI with 30-character limit to ensure the notes section had a 30-character limit.
- Improved data transparency and approval efficiency by incorporating query review directly within the approval workflow.

Human Sentiment Analysis

July 2021 – April 2022

- Developed a real-time emotion recognition system using Machine Learning and image processing.
- Designed and trained CNN models for accurate emotion classification from image data.
- Implemented real-time emotion detection capabilities for customer service interactions and healthcare assessments.
- Preprocessed and augmented datasets to enhance model performance and accuracy.
- Addressed challenges such as diverse facial expressions, real-time processing, and privacy concerns.

VOLUNTEER EXPERIENCE

QAD India Private Limited 

May 2024 – Jul 2024

Cultural Committee Member

Mumbai, India

- Demonstrated strong event management and organizational skills by planning and overseeing company cultural festivals, sports activities, and team-building exercises.
- Collaborated with cross-functional teams to promote community engagement and foster a positive work culture.
- Enhanced stakeholder communication and collaborative problem-solving to streamline event logistics and ensure operational efficiency.
