

Abhishek Purbey

purbeyabhishek01@gmail.com / (203)627-0305 / West Haven, CT 06516

Professional Summary

Graduate Civil Engineer with over 7 years of experience in building construction, road projects, and waste management. Proficient in Autodesk software and civil engineering practices.

Education

University of New Haven, West Haven, CT, USA

(Jan 2025 - Dec 2026)

Master of Science in Civil Engineering

Kurukshetra University, Haryana, India

(Jun 2013 - Jun 2017)

Bachelor of Technology in Civil Engineering

Experience

• **Project Engineer - *Green Road Waste Management Pvt. Ltd, Pokhara , Nepal***

(Aug 2023 - Apr 2024)

Spearheaded sustainable building solutions by collaborating with cross-functional teams to integrate energy-efficient systems, renewable energy sources, and eco-friendly materials, successfully delivering the Municipality Building & Road project.

• **Project Engineer - *Rabina Construction Pvt. Ltd, Pokhara, Nepal***

(Oct 2022 - Aug 2023)

Collaborated with Maharishi Association and Cera Pvt Ltd to construct the VYAS Retreat and Health Club, overseeing the design and implementation of Geocell walls, MS piling, ramps, trusses, HVAC, firefighting systems, and landscaping, ensuring compliance with safety and project requirements.

• **Senior Site Engineer - *Rabina Construction Pvt. Ltd, Lalitpur, Nepal***

(Nov 2020 - Nov 2022)

Planned, coordinated, and supervised the construction of Anandaban Hospital (Leprosy Mission Nepal) in collaboration with US AID, UK AID, and Leprosy Mission England, ensuring compliance with healthcare-specific regulations, including infection control, fire safety, and accessibility standards.

• **Inspector Of Work (IOW) - *Multi Disciplinary Consult Pvt. Ltd, Kiritipur, Nepal***

(May 2019 - Nov 2020)

Monitored construction activities for compliance with design and quality standards, coordinating with contractors, engineers, and project managers to resolve technical issues and ensure smooth project execution.

• **Site Consultant Engineer - *Construction Project Management (CPM), Lalitpur, Nepal***

(Oct 2018 - May 2019)

Provided technical oversight and supervised the installation of concrete piles, micro piles (MS piles), and foundation systems for a double-basement residential building, ensuring compliance with design specifications, codes, and quality standards.

• **Site Engineer - *Sugam Nirman Sewa Pvt. Ltd, Mahendranagar, Nepal***

(May 2017 - Jul 2018)

Delivered the 40m span Aurah Khola Bridge under SNRTP, managing engineering surveys, quantity estimation, quality control, and post-tensioning works, while ensuring accurate running bills and compliance with project standards.

Certification and Skills

- NHI 130101 (Introduction to safety inspection of in service bridge) , NHI 130128 (Bridge Construction Inspection)
- NHI 130087A (Inspection Of Ancillary Highway Structure), NHI 131129 (HMA Paving Field Inspection)
- NHI 131122 (Portland Cement Concrete Paving Inspection), NHI130109A (Bridge Management Fundamentals)
- OSHA 30
- Autocad, Revit, Staadpro, Etabs, RISA, Bluebeam, MS Project

Organizations

- Structural Engineering Institute (SEI) Grad Chapter University of New Haven Treasurer (2025), and Member (2025)
- American Society of Civil Engineer (ASCE)
- Construction Management Association of America (CMAA)

Academic Courses and Projects

- Structural Concrete Design, Infrastructure Inspection, Building Information Modeling, Green Building Design, Highway engineering, Sustainable engineering.
- Modeling of School building with all utilities and scheduling using Revit, Naviswork and Autocad
