EDUCATION

The Ohio State University

May 2025

Bachelor of Science

- Major: Economics; Minor: Business

WORK EXPERIENCE

Center for Innovation Strategies OnRamp

Aug 2023 – May 2025

Innovation Analyst

- Led a 4-person team on a strategic consulting engagement with a Top 10 U.S. retail bank, delivering actionable recommendations to enhance financial budgeting tools for Gen Z consumers, focusing on usability, personalization, and digital adoption strategies
- Engineered market expansion strategies and developed financial projections for a presentation software startup
- Conducted 20 structured interviews with business consultants, HR executives, and SaaS sales leaders to gather primary market insights that informed client expansion strategies for the presentation software startup
- Developed ad hoc reports and modeled financial applications using Excel, incorporating industry feedback
- Formulated 4 distinct models using the software, incorporating feedback from industry experts and end-users, showcasing potential applications across diverse industries
- One of the models was successfully integrated by the presentation software company as a key component of their pitch deck, specifically targeting the Human Resources industry

The Ohio State University

Mar 2023 – May 2023

Artificial Intelligence Research Assistant

- Contributed to research focused on high-performance computing (HPC) and its applications in emerging fields like deep learning (DL)
- Synthesized complex AI models into concise documentation, enhancing research accessibility and saving engineers over 15 hours in research time
- Showcased 8 practical use cases where AI platforms were utilized to assist software engineers from leading companies including Amazon, Nvidia, Meta, and IBM

PROJECTS & INVOLVEMENT

Project 20: Strategic Insights Initiative

Feb 2018 – Jan 2024

Interviewer

- Launched a project interviewing 20 senior leaders across banking, energy, and government, including the Chief Financial Officer of SABIC and the Advisor to the King of Saudi Arabia
- Synthesized insights on leadership, investment strategy, and risk management into a private research journal, guiding personal development in leadership and governance understanding

Undergraduate Economics Society at The Ohio State University

Sep 2023 – May 2025

Member

- Participated in collaborative learning sessions to enhance technical skills with other members
- Created weekly presentations about current relevant macroeconomic topics
- Attended meetings with visiting professionals in the fields of economics and finance

Video Game Development

Jan 2023 – May 2023

Student Developer

- Led a team of 4 students to design and program two video games (Battleship and Blackjack)
- Developed a dynamic AI player with intelligent logic to provide a challenging solo gaming experience
- Created a website featuring a detailed project schedule, a well-structured business plan, two fully developed games with comprehensive documentation, engaging pitch videos for investors, potential players, and software engineers, along with an advertisement flyer
