Experience

Relieve Humanity International

Toronto, ON

Data And Administrative Assistant

May – August 2025

- Created and maintained new spreadsheets while consolidating existing data sources to streamline information management.
- Communicated directly with supervisors to clarify tasks, set priorities, and ensure timely completion of assignments.
- Ensured data integrity and consistency by cross-referencing information and resolving discrepancies.
- Took initiative in structuring files and processes for better accessibility and long-term use by the organization.
- Performed data cleaning, validation, and normalization in Excel to ensure accuracy and usability for reporting and decision-making.
- Consolidated data from multiple sources into unified spreadsheets using lookup functions, conditional logic, and formatting rules.
- Prioritized and managed tasks independently, delivering data-driven outputs under tight deadlines with minimal supervision.

Zecoya

Toronto, ON

Business Analyst Intern

January – August 2024

- Conducted competitive analysis and market research to benchmark platform features against other e-commerce providers.
- Data Analysis & Business Insights: Analyzed operations and sales data using SQL, Excel, and Power BI.
- Mapped out and optimized business processes related to order management and inventory tracking.
- Developed use cases, user stories, and process flow diagrams to communicate requirements to designers and developers.
- Created dashboards and reports (using Excel, Google Sheets, or BI tools like Power BI) to track KPIs.
- Assisted in rollout planning for new platform features, including creating documentation and training materials for internal users and customer service teams.
- Worked with stakeholders to prioritize platform enhancements based on impact, feasibility, and alignment with business goals.
