SUMMARY

I am a self-motivated professional with a strong background in the Hospitality Industry. With knowledge of Business Intelligence (BI) and data analysis, particularly within the banking and hospitality industries. I specialize in leveraging data-driven strategies to enhance operational efficiency and drive revenue growth in the hospitality sector. With expertise in business process improvement, data analysis, and asset management, I bring a results-oriented approach to every project. A collaborative team player with a positive attitude, I excel at building strong client relationships and delivering actionable insights.
