---

## ABOUT ME

Junior Machine Learning Developer skilled in Python, data preprocessing, model building, and visualization. Experienced in applying ML techniques to real-world datasets. Strong problem-solving and teamwork skills with a passion for building AI-driven solutions.

---

## WORK EXPERIENCE

### Consulting & Digital Solutions Unit Intern BNU | August 2025

- Gained hands-on experience in computer networking and CCNA fundamentals.
- Worked on configuring and troubleshooting network devices, IP addressing, and routing protocols.
- Supported digital solutions initiatives by applying networking knowledge to real-world IT environments.
- Strengthened understanding of network infrastructure and security concepts.

### CIB Summer Program | August 2025

- Attended training focused on sustainable finance, AI applications, and data science in banking.
- Gained exposure to how AI and data analytics are applied in real-world financial systems.
- Developed soft skills including teamwork, problem-solving, and communication through workshops.
- Enhanced understanding of ESG principles and their integration with digital transformation.

### ML Developer Intern at BNU | July 2024 – September 2024

- Attended training focused on sustainable finance, AI applications, and data science in banking.
- Gained exposure to how AI and data analytics are applied in real-world financial systems.
- Developed soft skills including teamwork, problem-solving, and communication through workshops.
- Enhanced understanding of ESG principles and their integration with digital transformation.

---

## EDUCATION

Bachelor of Computer Science – Benha National University | 2022 – 2026

---

## CERTIFICATIONS

- Responsible Innovation & Trustworthy AI – SAS
- Backend Development & APIs – FreeCodeCamp
- CCNA Fundamentals – Cisco

---

## SKILLS

- Programming: Python, C++, JavaScript, SQL
- ML/AI: Pandas, NumPy, pandas, Scikit-learn, Matplotlib, Seaborn
- Web Development: Django, Next.js, React.js, HTML, CSS
- Other: REST APIs, CCNA fundamentals
