

AISHA HASAN

ahasax12@gmail.com | 646-623-3301 | Valley Stream, NY | [LinkedIn](#)

Summary

Dynamic professional with over 4 years of experience designing and developing responsive, user-focused applications. Adept at gathering and documenting business requirements, and analyzing business processes into functional software solutions. Experienced in REST APIs, SQL databases to translate business needs into functional applications. Skilled in leveraging modern frameworks and technologies to build scalable and reliable systems with a strong emphasis on usability and performance optimization.

Skills

- **Data Technologies:** SQL, Python, SQL Server, MySQL
- **Languages & Frameworks:** JavaScript, F#, HTML, CSS, jQuery, XAML, TypeScript, React, Node.js, Bootstrap
- **Web & APIs:** RESTful APIs, JSON, XML, WebAPI
- **Tools:** Jira, Azure DevOPS, Microsoft Office Suite, Google Suite, Visual Studio
- **Practices & Methodologies:** Agile/Scrum, CI/CD, Requirement Gathering, Story Mapping, Responsive Design, User Story Creation, Visual Dashboards

Experience

Software Engineer | TRUIST - Valley Stream, NY | 3/2020 - 1/2024

- Developed, maintained deployed responsive web applications using F#, JavaScript, XAML, and REST APIs and XAML integrated with C#.
- Queried large datasets from SQL Server to identify and resolve performance issues and implement solutions.
- Designed and deployed responsive web modules, ensuring seamless functionality across devices.
- Gathered and analyzed business requirements, translating them into actionable insights for development teams.
- Collaborated in Agile teams for sprint planning, daily stand-ups, and code reviews
- Utilized analytical tools to identify trends and opportunities for process improvement.
- Achieved a 15% increase in efficiency and ensured high-quality software through code reviews, testing, and deployment processes.

Software Engineer | Huntersure, LLC – Garden City, NY | 9/2019 - 3/2020

- Rebuilt web applications using F# and the Giraffe framework, improving code maintainability.
- Applied responsive design and optimized web performance through integrated HTML/CSS.
- Optimized site performance, increasing loading speed by 40% and user engagement by 25%.
- Implemented responsive designs and web best practices for multi-device support.
- Assisted with front-end architecture and contributed to REST API integrations.
- Mentored and coordinated front-end development efforts, ensuring project deadlines were met.

Education

Bachelor of Science – Major in Information Technology

St. John's University | Jamaica, NY | 9/2016 – 5/2019

Francis Lewis High School | Fresh Meadows, NY | 6/2015
