

AISHWARYA MANJUNATH

Lynnwood, WA — maishwarya425@gmail.com — (425) 298-6824

Portfolio — LinkedIn — GitHub

SUMMARY

Entry-level Software Engineer skilled in **Java, JavaScript, Spring Boot, React, and SQL**, with a strong foundation in data structures, algorithms, and full-stack web development. Experienced in building scalable applications, collaborating in Agile teams, and automating testing workflows. Passionate about clean code, continuous learning, and delivering reliable, high-quality software solutions.

EDUCATION

Western Washington University, Bellingham, WA *M.S. Computer Science, Expected Dec 2025*
Bangalore Institute of Technology, India *B.S. Computer Science, 2022*

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, C#, SQL

Frameworks: Spring Boot, React, ASP.NET MVC, Hibernate

Tools: Git, Jenkins, VS Code, IntelliJ, Postman, JIRA

Concepts: Object-Oriented Design, Data Structures & Algorithms, REST APIs, Agile Development

EXPERIENCE

Research Assistant – Western Washington University *Apr 2025 – Present*

- Built interactive dashboards for K–12 robotics education using **React + JavaScript**.
- Improved component reusability and page load speed by optimizing state management.
- Collaborated with faculty and developers to iterate on software features within an Agile workflow.

Teaching Assistant – Western Washington University *May 2024 – Present*

- Supported students in programming labs for web development, Java, and data structures.
- Assisted in debugging, testing, and reviewing assignments for correctness and efficiency.

Junior Software Developer – CAI (Client: Air Products) *Jan 2023 – Dec 2023*

- Developed and maintained enterprise web applications using **C#, ASP.NET, MVC, SQL Server**.
- Automated regression tests with **Selenium WebDriver** and integrated builds via Jenkins CI/CD.
- Participated in team code reviews and debugging sessions to ensure production quality.
- Awarded “You Have Been Spotted” certificate for collaboration and project excellence.

Full Stack Developer Trainee – Skill-Up Technologies *Aug 2022 – Dec 2022*

- Trained in Java and Spring Boot fundamentals; developed RESTful microservices connected to MySQL.
- Created responsive web interfaces using HTML, CSS, and JavaScript.

SELECTED PROJECTS

- **PolliFriend Web App:** Designed a sustainability planner using React and MongoDB with modular components and REST APIs.
- **AuthDemo Microservice:** Built and deployed a Spring Boot + PostgreSQL authentication system on AWS.
- **Portfolio Website:** Created and hosted a responsive developer portfolio using HTML, CSS, and JavaScript.

CORE STRENGTHS

Problem Solving • Team Collaboration • Code Review • Debugging • Attention to Detail • Remote Communication
