

Ajay Varma M

Full Stack .Net Developer

Phone: +1 (507) 382 7201 ❖ Email: ajayvarma.mudunuri7@gmail.com

PROFESSIONAL SUMMARY

Accomplished Full Stack .NET Developer with around 4 years of experience developing high-performance web applications. Proficient in the complete Software Development Life Cycle with expertise in .NET Core, C#, SQL Server, ASP.NET, MVC, Angular, React, and cloud technologies like Azure and AWS. Experience designing scalable microservices and implementing CI/CD, and Agile methodologies. Experience in developing Windows Applications / Desktop Applications / UI Based Applications using Windows Forms / Win Forms, WPF

TECHNICAL SKILL

Programming Languages: C#, VB.NET, JavaScript, TypeScript

Back End: .NET Core, ASP.NET MVC, Web API

Front End: HTML, CSS, Bootstrap, Angular, React

Databases: SQL Server, MySQL, Oracle, MongoDB

Cloud: Azure (Service Bus, API Management, DevOps), AWS (Lambda, RDS, S3, EC2), GCP

Tools: Visual Studio, VS Code, GitHub, Azure DevOps, Docker, Kubernetes

Testing: NUnit, XUnit, MSTest, Postman, Swagger

CI/CD: Azure DevOps, Jenkins

Architecture: Microservices, MVC, MVVM

APIs: REST, SOAP, Azure API Management, AWS API Gateway

Project Management: JIRA, GitHub

PROFESSIONAL EXPERIENCE

Healthfirst, Minnesota

Sep 2022 - Present

Full Stack .NET Developer

- Developed microservices using .NET Core, C#, and Web API, improving healthcare applications' scalability and modularity.
- Designed and optimized SQL Server databases, enhancing query performance and application responsiveness.
- Implemented responsive UI components using Angular, TypeScript, and Bootstrap, significantly improving user experience.
- Collaborated with cross-functional teams to integrate Azure services, including API Management and Service Bus, ensuring seamless deployment and management of microservices.
- Participated in Agile ceremonies, contributing to sprint planning, daily stand-ups, and retrospectives.

Environment: .NET Core, SQL Server, Angular, Azure, Docker, Kubernetes, C#, JavaScript, TypeScript, Jenkins, MongoDB, Kafka.

TCS, Chennai, India

Jan 2021 - Jul 2022

Software Engineer (.NET Developer)

- Developed and maintained web applications using MVC architecture, ensuring clean separation of concerns and high code maintainability.
- Enhanced database interactions by designing efficient SQL queries and stored procedures, improving data retrieval times.
- Integrated RESTful APIs for seamless communication between front-end and back-end services.
- Utilized AWS services for application deployment, ensuring scalability and reliability.
- Implemented unit tests with MS Test, maintaining high code quality and minimizing production bugs.
- Participated in code reviews, providing feedback to ensure adherence to best practices and coding standards.

Environment: .NET Framework, Entity Framework, Angular, HTML, CSS, AWS, GitHub, JIRA.

EDUCATION

Master of Science in Information Technology | Minnesota State University, Minnesota, USA | May 2024

Bachelor of Technology in Electronics & Communication Engineering

Sathyabama Institute of Science and Technology, Chennai, India | May 2021
