

AKANKSHA KHAIRE

Los Angeles, California 90007 | +1 (213) 691-6127 | akankshakhair13@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Education

Master of Science in Management Information Systems

California State University, Los Angeles

GPA: 3.9/4.0

Bachelor of Engineering in Electrical and Electronics Engineering

K.D.K. College of Engineering, India

CGPA: 8.16/10

CA, United States

Jan 2023- Dec 2024

MH, India

Jun 2012- Aug 2016

Technical Skills

- Programming Languages: Python, SQL, R
- Data Visualization Tools: Tableau, Power BI, Excel
- Machine Learning Libraries: Pandas, Scikit-learn, TensorFlow, PyTorch
- Data Analysis & Modeling: Predictive Analytics, Statistical Analysis, Data Cleaning, ETL, Data Modeling

- Business Intelligence Tools: Power BI, Tableau, SQL, Agile Methodologies
- Healthcare Tools: EHR Systems, HIPAA Compliance
- Financial Tools: Excel, SQL, Statistical Analysis, Forecasting
- Soft Skills: Analytical Thinking, Problem Solving, Communication, Leadership

Professional Experience

Senior Technical Analyst

HCL Technologies, India | Jul 2022 - Dec 2022

- Conducted **data analysis** to optimize system performance, reducing **downtime by 20%**.
- Utilized **SQL** and **Python** to clean and analyze large **datasets**, improving **data accuracy by 15%**.
- Collaborated with cross-functional teams to gather **requirements** and align **technical solutions** with **business needs**.
- Documented and presented **business requirements** and **use cases** to stakeholders, ensuring alignment with **organizational goals**.
- Utilized **machine learning algorithms** to analyze **operational data** and optimize system performance.

Technical Analyst

HCL Technologies, India | Feb 2020 - Jul 2022

- Designed and maintained **disaster recovery systems**, achieving **100% data recovery** within 2 hours of incidents.
- Improved system performance through **upgrades**, reducing **downtime by 50%**.
- Analyzed **operational data** to identify inefficiencies and recommend **process improvements**, reducing **cycle time by 10%**.
- Conducted **root cause analysis** for operational issues, leading to a **25% reduction** in recurring problems.
- Developed **predictive models** to identify inefficiencies in operational processes.

Projects

Predictive Analysis of CFPB Consumer Complaints

California State University, Los Angeles | Jan 2024 - Apr 2024

- Built **predictive models** using **Python** and **Scikit-learn** to forecast **consumer complaint trends**.
- Conducted **statistical analysis** to identify key drivers of consumer complaints, improving **data accuracy by 15%**.
- Created **interactive dashboards** in **Tableau** to visualize consumer complaint trends.
- Published research providing **actionable insights** into consumer financial trends, aiding **business decision-making**.

Health Bot Development

California State University, Los Angeles | Aug 2023 - Dec 2023

- Developed a **chatbot** using **SAP Conversational AI** to enhance **patient support** and **healthcare accessibility**.
- Leveraged **data analytics** to personalize user interactions, increasing **user satisfaction by 30%**.
- Documented **business requirements** and **user stories** to guide development and ensure alignment with **stakeholder needs**.

CFPB Consumer Complaints Analysis Using Hadoop

California State University, Los Angeles | Jan 2023 - Apr 2023

- Conducted **exploratory data analysis (EDA)** using **Hadoop**, **Hive**, and **MapReduce** to identify trends and patterns.
- Developed **ETL pipelines** to clean and preprocess data, reducing **data processing time by 20%**.
- Delivered insights to policymakers and companies to improve **consumer experiences** and **operational processes**.

ERPSIM Extended Logistics Game

California State University, Los Angeles | Aug 2023 - Dec 2023

- Led the development of a **logistics simulation game**, optimizing **supply chain operations**.
- Authored a report with **actionable insights** to enhance **operational efficiency** and **decision-making**.
- Conducted **process mapping** and **SWOT analysis** to identify areas for improvement, reducing **operational costs by 15%**.

Certifications

- Career Essentials in Data Analysis – Microsoft & LinkedIn (2025) | [LINK](#)
- Python for Data Science and AI – IBM (2025) | [LINK](#)
- Data Analytics – LinkedIn (2025) | [LINK](#)
- Generative AI Overview for Project Managers – PMI (2025) | [LINK](#)
- Excel Associate (Microsoft Office Specialist) – LinkedIn (2023) | [LINK](#)

Publication

- Predictive Analysis of CFPB Consumer Complaints Using Machine Learning – [arXivLabs](#) (Jul 2024)
- CFPB Consumer Complaints Analysis Using Hadoop – [arXivLabs](#) (Oct 2023)

Achievements

- Special Recognition in Graduate Studies (2024)
- Technical Excellence Award at HCL (2022)
