

AKHILA GOPISHETTY

Birmingham, AL, USA | +1 2058627646 | gopishettyakhila73@gmail.com | [Linkedin](#)

SUMMARY

Aspiring Associate Data Engineer with a Master's in Computer Science and experience in Python, SQL, Spark, ETL, and cloud platforms (AWS, GCP, Azure, Snowflake). Skilled in building scalable data pipelines, real-time processing, and data models to support analytics and business needs.

EDUCATION

UNIVERSITY OF ALABAMA AT BIRMINGHAM

Master's in Computer Science

GPA: 3.4 | Coursework : Data Engineering, Cloud Computing, Machine Learning.

Birmingham, AL

Jan 2024 – May 2025

CHRISTU JYOTHI INSTITUTE OF TECHNOLOGY AND SCIENCES

Bachelor's in Computer Science

GPA: 7.2

Hyderabad, India

Jul 2018 – April 2022

WORK EXPERIENCE

Data Engineering Intern | D Code Softech Solutions

Hyderabad, India

D Code Softech Solutions

- Designed and optimized **real-time ETL pipelines** with Apache Beam and Google Pub/Sub, processing **100K+ records per day**.
- Automated dataset preparation workflows with Python (Pandas, NumPy), reducing manual effort by **30%**.
- Deployed scalable pipelines on **AWS (S3, Lambda, DynamoDB)** and **GCP (Dataflow, BigQuery)**.
- Partnered with analytics and ML teams to deliver validated datasets that boosted **model performance by 15%**.

ACADEMIC PROJECTS

Data Engineering & Cloud Pipelines

- Designed **ETL workflows** to load structured datasets into BigQuery, supporting analytics on **1M+ records**.
- Created streaming pipelines for **real-time data ingestion**, reducing latency by **40%**.
- Deployed on **AWS (Lambda, S3, DynamoDB)** and **GCP Dataflow** with containerization via Docker.

Audio Content Summarizer with AI

- Developed an **AI-driven summarization tool** using Whisper + GPT to convert audio into concise text summaries.
- Processed large unstructured audio datasets, improving **content searchability by 40%**.

Machine Learning Data Support

- Developed Python scripts for **data cleaning, visualization, and model performance tracking**.
- Assisted in GPT-based NLP model evaluation and dataset preparation, ensuring **higher training quality**.

SKILLS

Programming & Data: Python, SQL, Java, Scala, PySpark, Data Structures & Algorithms.

Data Engineering: ETL Pipelines, Data Modeling, Data Marts, Data Warehousing, Data Integration.

Cloud & Modern Platforms: AWS (S3, Lambda, DynamoDB), GCP (Dataflow, BigQuery), Azure, Snowflake, Docker, Apache Beam.

Big Data & Frameworks: Apache Spark, PySpark, Hadoop (HDFS), Apache Beam

Software Development: CI/CD (Jenkins, Git), Software Development Lifecycle (SDLC), Agile/SAFe

Analytics & BI: Data Science Collaboration, Analytics Solutions, Business Applications, Power BI

Professional Strengths: Analytical, caring, compassionate, and consistent professional with strong problem-solving and reliable results delivery.

CERTIFICATES

- AWS Certified Data Engineer.
- AWS Certified Developer – Associate.
