

Experience

Staff Accountant, Suburban Water Systems **09/2025-Present**

- Maintained and validated financial and regulatory spreadsheets, ensuring all data was complete, accurate, and reconciled across reporting systems.
- Reviewed utility bills, including SoCal Edison, to verify water rates and confirm alignment with regulatory years, supporting accurate financial records.
- Updated minimum data requirements for regulatory submissions, ensuring consistency, compliance, and audit readiness.
- Gathered supporting documentation and backup data to maintain transparency and support internal controls.
- Reconciled rates, calculations, and entries across systems, contributing to accurate reporting and integrity of the General Ledger.

Senior GL Accountant, General Pump Company **06/2025-09/2025**

- Maintained accuracy of the General Ledger by reconciling bank accounts, preparing journal entries, and analyzing variances to ensure compliance with GAAP.
- Oversaw AP processing in Sage 100 as part of broader accounting responsibilities, ensuring accurate coding, accruals, and alignment with the GL.
- Researched and resolved discrepancies across AP, cash, and GL accounts, preparing adjusting entries and supporting accurate month-end and year-end close.
- Partnered with vendors and internal stakeholders to reconcile balances and resolve invoice issues, contributing to accurate AP aging and vendor reporting.
- Supported financial reporting and audit readiness by maintaining complete documentation, supporting schedules, and reconciliations.

Account Manager, Heluna Health **03/2025-05/2025**

- Managed client portfolios and accounts receivable in Monday.com, ensuring timely follow-up, verification of payment receipts, and resolution of billing discrepancies.
- Reviewed and reconciled client payments against invoiced amounts, researching variances and maintaining accurate financial records in compliance with internal controls.
- Communicated with customers and vendors on billing matters, ensuring budget accuracy and providing clear forecasting to support financial planning.
- Prepared and distributed monthly financial statements and customized portfolio reports, delivering complete and accurate client-facing financial data.
- Collaborated cross-functionally to identify process gaps, implement operational improvements, and support initiatives aligned with revenue recognition and audit readiness.

Staff Accountant, iSpecimen, Inc. **01/2022-12/2024**

- Managed full-cycle AP and AR in Sage Intacct and SAP Concur, ensuring accurate disbursements, invoice generation, and resolution of discrepancies while maintaining compliance with internal controls and SOX requirements.
- Reconciled bank and credit card accounts, resolved complex ACH and wire issues, and ensured alignment with the General Ledger and financial statements.
- Supported month-end and quarter-end close, including accruals, journal entries, and audit preparation, contributing to reliable financial reporting.
- Assisted with Sage Intacct implementation and administration, including system setup, user permissions, and creation of GL accounts to support operations.
- Partnered with executives to review cash flows, perform forecasting, and support budgeting, providing insights for strategic financial decisions.
- Communicated daily with vendors and customers on invoicing, collections, W-9s, and account issues, ensuring timely resolution and accurate financial operations.
- Resolved operational and accessions issues and implemented process improvements to enhance efficiency and reporting integrity.

Accountant/Admin Assistant, Crosstown Electrical & Data, Inc. **04/2019-11/2021**

- Provided cross-functional administrative and accounting support, managing critical documentation such as insurance certificates, licenses, subcontracts, and project releases to ensure operational readiness and compliance.
- Used Sage 300 and QuickBooks to manage accounts payable, accounts receivable, payroll, and equipment records, maintaining accuracy in financial processing and reporting.
- Executed full-cycle accounts payable functions including vendor record maintenance, three-way matching, credit card reconciliation, and issue resolution, supporting audit readiness and cost accuracy.
- Assisted HR in onboarding processes, handling W-4s, I-9 verification, E-Verify, and benefits enrollment, contributing to regulatory compliance and smooth employee integration.
- Enhanced front desk communication procedures, improving efficiency and stakeholder experience across departments.
- Conducted internal research and collaborated with management to identify workflow inefficiencies, supporting continuous improvement in operational and financial processes.
