

Alexandra Shlopak

35 Firebrick Rd, Sharon, MA 02067 | amshlopak@gmail.com | (508) 406-8822

Education

University of Massachusetts Amherst — B.S. Biomedical Engineering, Dean's List Aug 2020 – May 2024 | GPA: 3.53

Experience

LAB:SYNC, UMass Amherst — Data Research Assistant (Hybrid)

Feb 2022 – May 2024

- Collected, cleaned, and analyzed motion and sensor datasets using MATLAB.
- Applied statistical methods to identify trends and visualize results.
- Trained new team members on data handling and analysis workflows.

Wolf Trap — Data Analysis Intern

Amherst, MA | Jun 2023 – Aug 2023

- Processed and validated kinematic data via MATLAB for image and video analysis.
- Ensured data accuracy through quality control; co-authored a publication on data-driven research.

The Shemtov Group — Assistant Manager (Operations & Analytics)

Sharon, MA | Feb 2019 – Aug 2024

- Managed scheduling, performance tracking, and workflow optimization.
- Built reports to monitor revenue and staff efficiency using spreadsheets.
- Strengthened communication and problem-solving through daily operations leadership.

Global Work & Cultural Exchange (Europe & Southeast Asia)

Aug 2024 – Present

- Adapted to multicultural environments through service and hospitality roles.
- Developed strong interpersonal, organizational, and problem-solving skills.

Academic Projects

Hand-Arm Vibration Syndrome Analysis: Visualized and reduced vibration exposure by 60% via data-driven design improvements.

Autonomous Smart Car: Programmed microcontroller-based navigation for autonomous, obstacle-avoiding vehicles.

Skills

MATLAB • C++ • Java • Electronic Circuit Design • Leadership • Process Optimization • Data Analysis • Team Coordination • Spanish & Russian (Biliteracy Gold Seal)
