PROFESSIONAL SUMMARY

I am a detail-oriented and motivated Information Systems student with a strong foundation in programming and software testing methodologies. I am eager to contribute to a dynamic technology team by applying analytical and technical skills to support software development, quality assurance, and system integrity across diverse industries.

EDUCATION

Bachelor of Science in Business Administration, Information Systems
University of Nevada, Las Vegas

Expected in Aug 2025

- 4.0 GPA
 - Dean's List from Fall 2022 to Spring 2025
 - Received the Millennium Scholarship
 - Received the UNLV Signature Scholarship
-

PROJECT EXPERIENCE

Dice Game

- Developed a Java-based dice game simulating rolling dice and calculating outcomes based on user input, showcasing proficiency in Java programming and understanding of basic game mechanics.
- GitHub Repository: github.com/AlexDiloreanu/Dice-Game

Data Visualization Project

- Utilized R to create visual representations of complex datasets, highlighting skills in data analysis, statistical computing, and effective information conveyance through visuals.
- GitHub Repository: github.com/AlexDiloreanu/Data-Visualization

Color Switch Game

- Developed a C# application replicating the popular "Color Switch" game, focusing on user interface design and interactive gameplay mechanics, demonstrating abilities in C# programming and GUI application development.
 - GitHub Repository: github.com/AlexDiloreanu/Color-Switch-Game
-
