

Alisha Lama

Business Operations & Analytics Associate (Entry-Level)

Miami, United States, 612-225-8597, alisha.lama.vazu@gmail.com

Professional summary

Business Operations & Analytics Associate with 3 years of experience in banking operations and compliance, excelling in financial reporting and fraud prevention. Proficient in Excel, Power BI, and Python, with a strong focus on process improvement and stakeholder collaboration. Known for critical thinking and attention to detail, driving operational improvements and supporting data-driven decision-making.

Employment history

Assistant Manager, Feb 2025 - Oct 2025

V Gelato, Miami, FL

- Managed daily operations and supervised a team, increasing workflow efficiency by 20% while maintaining service quality.
- Maintained detailed financial records and performed daily reconciliations, ensuring compliance and minimizing discrepancies.
- Developed cost-control and inventory strategies, cutting waste and enhancing profitability.
- Provided data-driven recommendations for sales strategies and growth, boosting revenue opportunities.
- Trained employees on cash handling, compliance standards, and customer service, improving operational accuracy.
- Improved customer service protocols, leading to higher client satisfaction and more repeat business.

Teller, May 2022 - Dec 2023

Standard Chartered Bank, Kathmandu, Nepal

- Processed 50+ daily financial transactions with 100% accuracy while ensuring compliance with regulatory policies.
- Identified and escalated suspicious transactions in line with AML/KYC protocols, contributing to fraud prevention.
- Supported customer onboarding and provided personalized financial services, enhancing client satisfaction.
- Partnered with compliance teams to enhance documentation processes, ensuring meticulous record-keeping and adherence to regulations.
- Engaged in cross-selling initiatives, effectively promoting financial products and driving customer engagement through tailored recommendations.

Contract Assistant, Aug 2021 - May 2022

Sanima Bank, Kathmandu, Nepal

- Executed precise cash reconciliations, enhancing financial accuracy and ensuring smooth daily operations.
- Reconciled cash drawers, processed adjustments, and maintained ATM readiness with high attention to accuracy.
- Partnered with senior staff to refine reporting processes, improving operational compliance and fostering a culture of accountability.
- Supported audit preparation through detailed record-keeping, ensuring compliance and contributing to organizational transparency.

Education

Master of Business Administration (MBA), Business Analytics, Jan 2024 - Oct 2025

Atlantis University, Miami, FL

- **Capstone – Predictive Analytics & Profit:** Phase I complete; conducted a review of over 30 sources; built a basic model and provided recommendations.
- **“Snack Smart” Entrepreneurship:** Wrote business plan & final pitch; led Ops/Strategy; built market/financial assumptions.
- **Philanthropy Miami:** Researched AI/CRM for a nonprofit; delivered process map & data-capture recommendations.
- **Analytics Coursework:** Excel (lookups/pivots), basic SQL (SELECT/JOIN), Power BI & Tableau; applied linear regression.
- **Writing & Research:** Multiple APA white papers (ethics/privacy/analytics).

Bachelor of Business Administration (BBA), Oct 2017 - Sep 2020

Naya Aayam Multi-Disciplinary Institute (NAMI), Kathmandu, Nepal

- **Dissertation:** Work environment → employee performance (Nepalese banks); findings translated into HR/ops recommendations.
- **Project:** Edible, plastic-free cup (NZ brand); feasibility and pilot plan for cafés.
