WORK HISTORY

Pharmacy Technician at Walgreens

01/2023 - 01/2024 (1 year)

- Maintain awareness of advances in medicine, computerized diagnostic and treatment equipment, data processing technology, government regulations, health insurance changes, and financing options.
- Direct, supervise and evaluate work activities of medical, nursing, technical, clerical, service, maintenance, and other personnel.
- Develop or expand and implement medical programs or health services that promote research, rehabilitation, and community health.
- Manage change in integrated health care delivery systems, such as work restructuring, technological innovations, and shifts in the focus of care.
- Plan, implement and administer programs and services in a health care or medical facility, including personnel administration, training, and coordination of medical, nursing and physical plant staff.
- Conduct and administer fiscal operations, including accounting, planning budgets, authorizing expenditures, establishing rates for services, and coordinating financial reporting.
- Monitor the use of diagnostic services, inpatient beds, facilities, and staff to ensure effective use of resources and assess the need for additional staff, equipment, and services.
- Develop and implement organizational policies and procedures for the facility or medical unit.
- Maintain communication between governing boards, medical staff, and department heads by attending board meetings and coordinating interdepartmental functioning.
- Inspect facilities and recommend building or equipment modifications to ensure emergency readiness and compliance to access, safety, and sanitation regulations.
- Consult with medical, business, and community groups to discuss service problems, respond to community needs, enhance public relations, coordinate activities and plans, and promote health programs.

EDUCATION

Nashville State Community College

PRESENT

- Associate Degree in Health Sciences
