TECHNICAL COMPETENCIES:

Languages: Python, SQL, Java, C, Bash

Web & Frameworks: Django, Django REST Framework, REST APIs, HTML/CSS,

Databases: MySQL

Cloud & Containers: AWS EC2, Azure Virtual Machines, Docker

Developer Tools: Git, GitHub, VS Code, Pycharm, Eclipse

Testing: pytest, Unit Testing

Operating Systems: Linux, Windows

TECHNICAL PROJECTS:

Liquor Store Inventory Automation for DoorDash - Python, Pandas

- Built a Python script to process and clean POS export (CashRegisterExpress), producing 8,981 SKUs in DoorDash-compatible format.
- Normalized inconsistent categories (e.g., WINE, WINE4PK, BOX WINE → Wine)
- Automated data entry, cutting manual onboarding time and boosting sales 12% in the first year.
- Github: <https://github.com/AmanAK03/CashRegisterExpress-to-Doordash>

Voice Translation Bot for Discord - Python, APIs, FFmpeg

- Developed a voice translator by integrating Whisper (STT), Google Translate API, and gTTS.
- Integrated FFmpeg for audio streaming and playback.
- Created project documentation on GitHub to help users with setup, usage, and troubleshooting.
- Github: <https://github.com/allknee486/CS3300-Project>

Collaborative Web Translation App - Python, Django, HTML/CSS

- Added new features including definitions, accent-based pronunciation, and dark mode.
- Improved error handling and increased unit test coverage to 80% using pytest.
- Standardized UI behavior to align with Google Translate app conventions.
- Github: <https://github.com/UCCS-CS4300-5300/Group4-fall2024>

EDUCATION:

University of Colorado Colorado Springs - B.A. in Computer Science (ABET-accredited)

Graduation: 05/2025 | Technical GPA: 3.70/4.00

- **Relevant Coursework:** Advanced Software Engineering, Database Systems, Operating Systems, Data Structures and Algorithms, Computer Security, Computer Networks

LEADERSHIP & EXPERIENCE:

Store Manager

7-Eleven Franchise, Colorado Springs, CO | September 2023 - Present

- Led team of 5, managing schedules and daily operations.
- Resolved staff/customer issues, strengthening leadership and problem-solving skills.
- Analyzed sales data to forecast demand, kept high-demand SKUs in stock through audits.
- Increased year-to-date sales by 17% via optimized inventory management.
