EXPERIENCE

City of Boston - Office of Workforce Development, Boston, MA

August 2024-Present

Data & Evaluation Coordinator

- Develop new quantitative data collection tools and strategies for Boston Saves, Tuition Free Community College, and City Academy programs.
- Improve data collection systems and data quality to ensure smooth operation of Boston Saves accounts and clear communication with BPS families.
- Track participant progress and outcomes to compile analysis and create data visualizations for city reports using Outcome Tracker, Microsoft Excel, and Google Sheets.

Northeastern University, Boston, MA

August 2022-August 2024

Research Assistant

- Analyze quantitative datasets and qualitative interview data to produce findings about effective customer assistance programs in publicly owned water companies, with Dedoose and Excel software.
- Wrote for two publications in the Journal of Environmental Policy & Planning, one of which was ultimately used as testimony to support MA water transparency policy (Bill S.2177).

Fenway Community Development Corporation, Boston, MA

January 2024-June 2024

Housing Development Co-op

- Conducted budget analysis and financial forecasting to create budget breakdowns for newly acquired real estate; managed arrearages and monitored outstanding balances.
- Led independent research using ArcGIS for data mapping and analytics; utilized SPSS to create data visualizations and conduct statistical analysis, culminating in a comprehensive deliverable project.
- Supported asset management and real estate development initiatives by overseeing building maintenance operations, managing work orders, and coordinating new construction activities.

Boston Public Schools - Office of Equity, Boston, MA

July 2023-September 2023

Senior Equity Assistant

- Created data analysis summary presentations for investigations, training, and student support, using Google Sheets and Microsoft Excel software, ultimately to be presented to the Superintendent.
- Collected and analyzed data about intake outcomes for 100+ employee investigations, 1200+ student investigations, 400+ accommodations requests, and 200+ student support requests.

Equity Assistant

January 2023-June 2023

- Conducted 20+ intake sessions per day with school staff, administrators, and parents to evaluate equitable practices in Boston Public Schools.
- Advised school administrators on investigation protocols for potential Equity policy violations.
- Engaged in interactive dialogue processes to provide employees' reasonable accommodations.
- Created curricula for affinity groups and employee Equity trainings.
