

# ANJALI SAPKOTA

Kathmandu, Nepal | +977 9813590861 | [sapkotaanjali123@gmail.com](mailto:sapkotaanjali123@gmail.com)

## PROFILE

Computer Engineering graduate with hands-on data analysis experience and proven skills in Python, SQL, Tableau, Power BI and advanced Excel. Ability to build interactive dashboards and develop actionable insights using data-driven methods. Strong problem solver and eager to apply analytical expertise to real-world challenges.

## EDUCATION

**Kathmandu Engineering College, Kalimati**

**2021 - 2025**

*Bachelor's in Computer Engineering*

## PROJECTS

### Climate Data Analysis [Link](#)

- Analysis of Nepal's climate data across 62 districts using Tableau to derive meaningful insights.
- It includes data preprocessing, data slicing, exploratory data analysis (EDA), and the development of interactive dashboards and visualizations.
- This project is also integrated with an agriculture dataset to examine the relationship between climate patterns and agricultural conditions, providing valuable insights for environmental and agricultural decision-making.

### HALO: Heaven for Agriculture Enthusiasts [Link](#)

- E-commerce mobile application for agricultural products.
- Built using Flutter for the frontend and Firebase for real-time backend and authentication.
- Collaborated in a team to design intuitive UI and manage data flow across the app.

### Resume Generator [Link](#)

- Web app to create resumes from form input, outputting Markdown and PDF
- Developed using Python Flask, Markdown2, and ReportLab

### TINY TALKS: Nepali Learning App for Kids [Link](#)

- Educational mobile app with speech accuracy and adaptive learning through quizzes.
- Built using Flutter (UI), Django (API/backend), and MySQL for database management.
- Integrated advanced machine learning techniques, including a fine-tuned Wav2Vec2 model for automatic speech recognition (ASR).

### GameOnQuiz [Link](#)

- Web app offering gamified Nepali quizzes with a scoring system, timer, and responsive web design.
- Stack: HTML, CSS, JavaScript (frontend) + Flask & SQLite (backend)

## SKILLS

- **Data Analysis & Visualization:** Power BI, Tableau, Python, R, Excel, SAS Studio
- **Programming:** C, C++
- **Web Development:** HTML, CSS
- **Frameworks and Tools:** Flask, Django, Firebase, Flutter
- **Databases:** MySQL, SQLite
- **Version Control:** Git, GitHub
- **Project Management:** JIRA

## CERTIFICATIONS

- **Introduction to Data Science:** CISCO Networking Academy [Link](#)
- **Data Visualization with Power BI:** Great Learning Academy [Link](#)
- **Intermediate SQL:** DataCamp [Link](#)
- **Introduction to Snowflake SQL:** DataCamp [Link](#)
- **Introduction to Data Modeling in Snowflake:** DataCamp [Link](#)

## LANGUAGE

English, Nepali, Hindi
