PROFESSIONAL SUMMARY

Certified Data Professional with **5 years of experience** in operational reporting and visualization. Seeking an **Entry-Level Data Analyst** role, leveraging expertise in **SQL, R, Tableau, Google BigQuery, and Zapier** for data-driven process optimization and strategic insight delivery.

TECHNICAL SKILLS

- **Data Analytics:** **SQL (Advanced)**, **R (Programming Language)**, Data Cleaning, Statistical Analysis, **Kaggle**.
- **BI & Visualization:** **Tableau**, Power BI, Data Visualization, Microsoft Excel/Google Sheets, Presentation Skills.
- **Automation & ETL:** **Zapier (Workflow Automation)**, Google BigQuery, ETL/Automation, JavaScript.
- **Financial Data:** Bloomberg, Market Data Exchange Reporting, Trade Platform Reconciliation, Trading Data Analysis.

PROFESSIONAL EXPERIENCE

Website Designer | Early-Stage Data Startup (Freelance)

Jul 2019 – Dec 2021 | Remote

- Engineered automated data workflows using **Zapier** to streamline lead capture, form submissions, and internal data collection, increasing pipeline efficiency and data integrity.
- Designed and deployed company website focusing on UX/UI, and created **interactive Tableau visualizations** for sales collateral to drive client engagement.

Operations Analyst | Data Automation & Reporting | INTL FCStone Partners L.P.

Sep 2017 – Jan 2020 | Chicago, IL | On-site

- Ensured accurate **Market Data Exchange Reporting** and **Trade Platform Reconciliation**, utilizing data analysis to minimize compliance risk and support internal audits.
- Translated complex operational data and **Bloomberg** reporting into actionable insights for senior management, driving improvements in resource allocation and risk management.

DATA PROJECTS & CASE STUDIES

Google Data Analytics Capstone: Cyclicistic & Bellabeat Case Studies

Aug 2025 | Kaggle Portfolio Link Above

- Performed end-to-end data analysis for case studies utilizing **R Programming** for data cleaning, transformation, and statistical analysis.
- Developed detailed reports and **Tableau visualizations** that translated findings into strategic, data-driven recommendations.

Data Visualization & Analysis Practice

- Executed analysis and created visualizations for projects (e.g., CO2 By Country, Penguin Analysis), showcasing proficiency in storytelling with data.
- Ran complex queries through datasets on the **Google Cloud Platform (BigQuery)** to manage and extract insights from large-scale data.

CERTIFICATIONS & TRAINING

- **Google Data Analytics Professional Certificate (v2)** | Coursera/Google | Aug 2025
- **Data Analysis with R Programming** | Google | Aug 2025
- **Share Data Through the Art of Visualization** | Google | Aug 2025
- **Accelerate Your Job Search with AI** | Google | Aug 2025
- **Section 608 EPA Certification Program** | SkillCat | Mar 2025

EDUCATION

Bachelor of Science, Finance & Insurance

Illinois State University, Normal, IL | 2016
