PROFESSIONAL EXPERIENCE

T. Rowe Price

Data Analyst

Baltimore, MD

May 2025-Present

Provided analytical support to the marketing organization by transforming raw data into actionable insights, improving reporting efficiency, and enabling data-driven decision-making. Experienced in cleaning and validating datasets, developing dashboards, automating workflows, and presenting performance trends to leadership.

- Cleaned and validated marketing datasets, ensuring accuracy and consistency across reports.
- Designed and maintained dashboards to track campaign performance, KPIs, and year-over-year trends.
- Automated recurring reports and workflows, improving efficiency and reducing manual effort.
- Conducted ad hoc analysis and delivered actionable insights to support marketing strategy and leadership decisions.
- Partnered with cross-functional teams to translate data into business recommendations and executive-level summaries.

Infrastructure Operations Engineer

June 2023-May 2025

Security Operations Identity and Access Management Intern

June 2022-June 2023

Configuring, installing, administering, and supporting various components of the organization's technology infrastructure. Responsibilities include overseeing service delivery across all technology domains, leading projects, swiftly resolving disruptions, reviewing technology solution implementations, and providing guidance on performance analysis.

- Managed identity lifecycle processes in Entra ID (Azure AD), including user provisioning, de-provisioning, and role assignments.
- Configured and maintained SSO solutions using Entra ID, ensuring seamless authentication across enterprise applications.
- Implemented and supported OAuth and OpenID Connect (OIDC) configurations for secure API access and application authentication.
- Assisted in managing Venafi for certificate lifecycle automation, and certificate management.
- Resolved access-related incidents and service requests through ServiceNow, ensuring timely response and compliance with SLAs.
- Participated in incident response and root cause analysis for IAM-related security events, ensuring timely remediation.
- Conducted periodic access reviews and audits to align with security policies and industry standards.
- Collaborated with IT security teams to enhance IAM policies and streamline authentication processes.

The Finish Line, Inc.

Supervisor

Columbia, MD

November 2020-September 2021

- Lead a team of employees, responsible for training associates to promote and execute team, store, and company performance goals. Ensure continuous associate development and ongoing collaboration.

- Oversee customer relations, operational management, inventory control and visual merchandising.
- Partner with senior management in planning, implementing, and executing company initiatives in order to improve organizational performance.
- Supervise inbound merchandise delivery including product transfers, point of sale (POS) system inputs and inventory accuracy.

Colin F. Kennedy Foundation

Rochester, NY (Remote)

Social Media Marketing Intern

September 2021- December 2021

- Responsible for the growth and management of the Foundation's social media branding and marketing efforts on Instagram, Facebook and Twitter, increasing social media footprint by an average of 12% in four months across all three platforms.
- Analyzed social media engagement trends in order to strategically distribute content for maximum engagement return.
- Designed and implemented various social media campaigns to drive fundraising event participation and expansion of donor base.
- Presented consistent updates to the Board of Directors on social media metrics and growth targets
