

APARNA KALARIKKAL, M.S.

(331) 236-8648 | aparnask974@gmail.com | Dallas, TX

US Citizen | ETL Developer | Data Warehousing | Cloud Migration

PROFESSIONAL PROFILE

ETL and SQL Developer for data warehousing projects: data migration, storage performance architecture, design, deployment, performance analysis, and debugging. In **retail and healthcare environments**, builds customized technical solutions and optimizes current infrastructure, architectural design, and next-generation storage products to meet performance requirements. Engaging, collaborative style; clear communicator. Adaptable to diverse team environments, work cultures, and initiatives.

AREAS OF EXPERTISE

Data Warehousing: Data Conversion/Migration, Analytics, Integration | Data Repositories | Database Development | Data Marts
Conceptual Data Models | Extraction Transformation & Loading (ETL) Processes | Cybersecurity | Stored Procedures

IT DevOps: User Access Management | User Acceptance Testing (UAT) | Modeling | HTML & XML | QA Testing | Cloud Computing
Machine Learning | Project Management | Proof of Concept (PoC)

Technical Tools: *Operating Systems:* Windows, Linux, Unix | *Programming Languages:* C, C++, Java, R, Python | *Markup Languages:* HTML, XML | *Relational Databases:* Teradata, Oracle, SQL Server, MYSQL, Netezza | *Cloud Data Warehouses:* Snowflake, BigQuery
Cloud Platforms: Amazon Web Services (AWS), Google Cloud Platform | *ETL Tools:* Informatica PowerCenter, BTEQ, MultiLoad, FastLoad, TPump, DBT | *Scheduling:* TWS Maestro | *Project Tracking:* JIRA | *Version Control:* GitHub | *Linux Tools:* Shell Scripts, *Microsoft Office Suite:* Excel, Word, PowerPoint

PROFESSIONAL EXPERIENCE

METAMOR SYSTEMS | INDIANAPOLIS, IN, USA

2024 - PRESENT

ETL Informatica & Teradata Developer

FEB 2024 – MAY 2024

Client: Indiana FSSA Social Services Datawarehouse: Designed, developed, and tested mappings/tasks/workflows. Tried performance tuning and query optimization. Pulled data from source systems; cleansed, transformed, and loaded data into Teradata DW (Informatica ETL). Loaded data to target tables (BTEQ, Fast Load, Multi Load, TPump). As part of cloud migration project, conducted ETL and database validations.

INFOSYS LTD.

2018 - 2023

Technology Analyst: Data Modeler & ETL/GCP Developer

NOV 2022 – MAY 2023

Client: Metro AG: Teradata to BigQuery cloud data migration project. Developed and tested ETL processes (using DBT) to reconfigure for cloud migration. Created and monitored objects (BigQuery); placed objects in GitHub repositories for version control. Assisted head developer with CI/CD setup for Dev/QA environments (GitHub). Created .yaml workflows for CI/CD.

Senior System Engineer: ETL & Snowflake Developer

JUN 2019 – MAY 2020

Client: REL: Netezza to Snowflake cloud data migration project. Worked with source data from AWS S3 flat files in external stages; included formats such as CSV, JSON, and XML. Created Snowflake tables and views from STT mapping documents. Coded and tested Python scripts to automate ETL load into Snowflake DW. Python scripts contained SQL queries to: 1) extract source data to landing tables, 2) create stage tables to transform data, 3) load data into enterprise tables (insert/upsert).

System Engineer: ETL Informatica & Teradata Developer

JUN 2018 – MAY 2019; JUN 2020 – NOV 2020

Client: CVS Health Caremark: Collaborated with business analysts to understand/define requirements. Executed models using business logic parameters. Developed mappings, workflows, and tasks (Informatica PowerCenter – Developer, Workflow Manager, Repository). Pulled data from source systems; cleansed, transformed, and loaded data into Teradata DW (Informatica ETL). Loaded data to target tables (BTEQ, Fast Load, Multi Load, TPump). Automated and scheduled Informatica workflows and BTEQs (Unix scripts). Managed and monitored ETL jobs (TWS Maestro).

EDUCATION – CERTIFICATIONS – PROFESSIONAL DEVELOPMENT

Master of Science (MS), Computer Science & Engineering – (NOV 2020 – SEP 2022)

Mar Baselios College of Engineering & Technology | Trivandrum, India | 8.28 GPA

Bachelor of Science (BS), Computer Science & Engineering – (AUG 2013 - JUL 2017)

Marian Engineering College | Trivandrum, India | 8.02 GPA

IBM Practitioner Certifications: Cybersecurity | Data Science | Enterprise Design Thinking

Infosys Global Agile Developer Certification | IBM Training: Introduction to Cloud
