PROFESSIONAL EXPERIENCE

Paxel AI, Inc

Salt Lake City, UT

Software Developer

May 2025 - Present

- Spearheaded tenant validation across multiple routes by centralizing logic into middleware, improving system performance by 30% and scalability in a cloud-based API system.
- Refined backend services by breaking complex logic into service layers, enhancing scalability and maintainability.
- Integrated Postman collections into GitHub Actions using Newman, automating API testing with dynamically generated Bearer tokens, increasing automated coverage by 30%.
- Standardized error handling with HTTP mapping, retries/backoff, and structured logs, reducing backend failures by 10%.
- Optimized database queries and introduced targeted caching at the service/middleware layer, resulting in a 15% reduction in response time on high-traffic endpoints.

Infogain Ltd.

Karnataka, India

Associate Software Engineer

Aug 2022 - Jul 2023

- Architected microservices and REST APIs using Java and Spring Boot for Costco Travel, enabling seamless booking of hotels, flights, and cruises for 100,000 users, improving booking speed by 20%.
- Enhanced backend throughput by 40% by implementing asynchronous processing on critical paths, significantly improving performance during high-traffic scenarios.
- Drove a 30% lift in promo code usage by simplifying validation rules and cutting API round trips enhancing user engagement.
- Developed a responsive user management portal using HTML, CSS, JavaScript, and Spring Boot, reducing deployment time by 25% through Docker and CI/CD pipelines.
- Boosted JUnit 5 test coverage by introducing parameterized tests and stronger assertions, reducing bug-fix time by 15%.
- Maintained uptime by hardening services and resolving production incidents, reducing production issues by 35%.

Ekathva Innovation Pvt Ltd.

Karnataka, India

Software Engineer Intern

Jul 2021 - Sep 2021

- Initiated an elective-subject selection system using Flask and Cassandra, improving data retrieval speed by 30% through optimized models, indexes, and query paths.
- Created a responsive UI with HTML/CSS/JavaScript, increasing cross-platform usability by 40% through adaptive layouts, accessibility fixes, and expanded automated/manual testing.

PROJECTS

Weather Forecast Web App - Django, Python, HTML, CSS, JavaScript

Jan 2025 - Feb 2025

- Constructed a Django weather app in Python fetching real-time data from OpenWeatherMap API and displays city images from Google Custom Search.
- Designed a web app with HTML, CSS, and JavaScript, allowing users to search weather details and view city images.

Old Bailey Decision Prediction - Scikit-learn, NumPy, Pandas

Feb 2024 - Apr 2024

- Processed judicial data using NumPy and Pandas for cleaning, transformation, and feature engineering.
- Trained models with Scikit-learn, achieving 73% accuracy and implementing cross-validation and hyperparameter tuning for better prediction results.

Payroll Management system - PHP, HTML, CSS, XAMPP

Apr 2023 - May 2023

- Built a web app to automate payroll processes, improving payment accuracy by 25% and reducing processing time by 30%.
- Deployed the system using XAMPP Server, eliminating the need for external professional services and reducing costs.

EDUCATION

University of Utah

Salt Lake City, UT

Master of Science, Computer Science | GPA: 3.71/4.0

Aug 2023- May 2025

Visvesvaraya Technological University

Karnataka, India

Bachelor of Engineering, Computer Science | GPA: 8.78/10

Aug 2018- Jul 2022

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL

Backend: Spring Boot, Flask, Django, REST APIs, Microservices, JWT, OAuth2

Frontend: HTML, CSS, React

DevOps & Cloud: AWS (EKS, ECR, S3, CloudFront), Azure (App Service, Key Vault), Docker, GitHub Actions, CI/CD

Databases: MySQL, PostgreSQL, Cassandra, MongoDB, SQL Optimization

Testing & Automation: Junit 5, Postman, Newman, API Testing, Test-Driven Development

Tools & Practices: Agile (Scrum), SDLC, OOP, Git, Linux, Code Reviews, Design Patterns, Data Structures & Algorithms

Certification: Microsoft Certified: Azure Fundamentals (AZ-900): Issued **Mar 2023**
