- **Operating Systems:** Microsoft Server, Linux, IBM AS/400.

Work Experience

Senior Engineer, LTI Mindspace, Mumbai, India

Aug'18 – Aug'24

- Contributed in a collaborated environment in the planning, installations and upgrades for JDE and integrated external software's.
- Took charge of quarterly compliance and audit procedures, ensuring smooth execution aligned with established standards.
- Resolved complex issues for JDE applications, databases, and servers, swiftly resolving issues ensuring operations continuity.
- Optimized server and Fat client resources based on usage, fine-tuning the performance for a best user experience.
- Demonstrated ability across various JDE CNC support tasks, managing Package Administration, User & Security Management, job queues on JDE and AS400, Printer Management, Job Scheduling, ESU/ASU installation and troubleshooting for JDE Apps and FAT clients.
- Addressed critical P1 and P2 production issues through expert troubleshooting, ensuring minimal downtime and maintaining operational excellence.
- Designed and managed ServiceNow workflows, seamlessly tracking requests and changes within JDE systems while adhering to audit and SLA guidelines.
- Played a pivotal role in upgrade initiatives, led successful installations of third-party applications, supplied effective troubleshooting during ICRP/UAT stages, and delivered reliable post go-live support.
- Foundational knowledge in Oracle Cloud Infrastructure and AWS essential for sustaining uninterrupted JDE application operations.

Projects

JDE AWS Cloud Migration

Mar'22 – Dec'22

- Upgrade and Migration of JDE landscape for 6 instances from on-premises to Cloud solution with latest Tools and application releases reducing operational costs and improving systems stability and scalability.
- Upgrade and Migration of integrated systems and data streams for JDE ERP to support the new landscape.

Thomas Glover Migration

May'22 – Jul'22

- Upgrade and Separation of Single Company from JDE 9.2.0.5 to 9.2.4.5 and its intermediary subsystems.

JDE Applications and Tools upgrade

June'21 – Nov'21

- Applications update to UN4 and E1 Tools upgrade from JDE 9.2.0.5 to 9.2.4.5 for 5 separate instances.

JDE Infrastructure Domain migration

April'20 – June'20

- 200+ JDE servers and development machines migrated to new domain post UTC and Carrier separation.

Certifications

- Oracle Cloud Infrastructure foundations 2021 Certified Associate Oracle | Issued Feb 2022
- JD Edwards EnterpriseOne Support Accreditation Oracle | Issued Jan 2021
- Transportation Data science project | Issued Jan 2025
