

Ashok Reddy Ganta

Dallas, TX: 945-998-2777, ashokrg00@gmail.com

Education

I completed my master's at Trine University, USA in December 2024.

Experience

Results-driven Data Analyst with 2.5 years of experience in analyzing complex datasets, building interactive dashboards, and delivering data-driven insights to support strategic business decisions. In SQL, Excel, Python, and data visualization tools like Power BI and Tableau. Experienced in working across healthcare and consulting domains with a strong focus on data quality, automation, and performance optimization.

Data Analyst

HCA Healthcare, USA [September 2023] – [still]

- Analyzed healthcare data to support clinical and operational decision-making across departments.
- Extracted and cleaned patient and hospital performance data using SQL and Excel for trend analysis and reporting.
- Developed dashboards and visualizations in Tableau/Power BI to monitor key metrics such as patient outcomes, readmission rates, and resource utilization.
- Collaborated with data science and IT teams to automate reporting processes and ensure data integrity.
- Delivered actionable insights that contributed to improving patient care quality and operational efficiency.

Data Analyst

Deloitte India [August 2021] – [October 2022]

- Worked on data analysis projects supporting business decisions across finance, risk, and operations domains.
- Cleaned, transformed, and analyzed large datasets using SQL, Excel, and Python for insights and reporting.
- Built dashboards and visualizations using Power BI/Tableau to present trends and KPIs to internal stakeholders.
- Assisted in automation of recurring reports and improved data accuracy, reducing manual efforts by 30%.
- Collaborated with teams to interpret data findings and contribute to strategic planning and client deliverables.
