

MOHAMMED ATIFULLAH SIDDIQUI

Address: 120 Valley St Providence RI 02909
Phone: +1 401-230-7686
Mail: atifsd099@gmail.com

PROFESSIONAL SUMMARY

Multidisciplinary engineering professional with a unique blend of expertise in mechanical systems, oil and gas engineering, and information technology. Holds dual master's degrees in **Oil & Gas Engineering** and **Information Technology**, with a focus on integrating **engineering principles, data analytics, and digital innovation** for energy sector transformation. Proficient in simulation tools (ANSYS, MATLAB), 3D designs (SOLIDWORKS, AutoCAD), and IT frameworks for data-driven decision-making. Practical experience in automotive systems and petroleum production enhances strong problem-solving and optimization skills. Seeking entry-level roles in energy, oil & gas, or technology-driven operations focused on innovation and efficiency.

EDUCATION

Master of Science (M.S.) in Information Technology

University of the Cumberlands – Williamsburg, KY

Graduated: May 2025

- Focus Areas: Data Analytics, IT Infrastructure, Digital Transformation, Cybersecurity
- Applied interdisciplinary expertise to digital solutions in the energy and engineering sectors

Master of Science (M.S.) in Oil and Gas Engineering

Robert Gordon University – Aberdeen, Scotland

Graduated: September 2023

- Focus: Reservoir Engineering, Petroleum Production Systems, Artificial Lift
- Thesis: Performance Investigation of Centrifugal Pump When Pumping Medium and Heavy Crude Oil
- Key Courses: Reservoir Engineering, Well Completion, Production Operations, Petroleum Economics

Bachelor of Engineering (B.E.) in Mechanical Engineering

Osmania University – Hyderabad, India

Graduated: August 2019

- Capstone Project: Experimental Study and Analysis for Improvement in Machining Performance
 - Relevant Courses: Fluid Mechanics, Thermodynamics, Machine Design, Materials Science.
-

TECHNICAL SKILLS

Engineering & Simulation Tools:

- ANSYS (FEA & CFD), MATLAB
- AutoCAD, SOLIDWORKS

IT & Data Analytics:

- Python (basic), SQL (basic), Microsoft Excel (advanced)
- Data analysis, system optimization, and digital transformation concepts

Domain Knowledge:

- Reservoir Engineering, Production Systems, API & HSE Standards
 - Risk Management, Technical Documentation, and Quality Assurance
 - IT Infrastructure Concepts and Digital Workflows for Engineering Applications
-

PROJECTS & INTERNSHIPS

Supply Chain Analyst

Amazon – Hyderabad, India

Sept 2021 – Dec 2021

- Implemented inventory management best practices, reducing stockouts by 20% and excess inventory by 25%
- Developed and tracked supply chain KPIs using Power BI dashboards, driving continuous improvement
- Streamlined logistics and distribution processes in collaboration with cross-functional teams, improving delivery accuracy by 10%
- Applied Lean and Six Sigma principles to lead process improvement initiatives, enhancing operational efficiency

Quality Engineer

Investment Casting – Hyderabad, India

July 2020 – August 2021

- Led the PPAP process for new product launches, ensuring documentation (FMEA, Control Plans, Process Flows) met customer and regulatory standards
- Conducted root cause analysis and implemented corrective actions, reducing customer complaints by 25%
- Coordinated APQP activities with cross-functional teams across design, manufacturing, and suppliers
- Created and maintained Control Plans and Process Flow Diagrams to ensure process standardization and compliance.

Automotive Systems Intern

Varun Motors Pvt. Ltd – Hyderabad, India

May 2020 – July 2020

- Studied transmission systems and servicing operations in Maruti Suzuki vehicles
- Reviewed manufacturing processes and quality control practices
- Translated classroom theory into practical automotive engineering insight

CERTIFICATIONS & WORKSHOPS

- Webinar: *Electric Vehicle Technology* (2020)
- Workshop: *Robotics & Automation* (2020)
- Training: *Technology Resources & Entrepreneurship Programs* (2020)

CORE COMPETENCIES

- Interdisciplinary Problem Solving
 - Data-Driven Engineering Solutions
 - Energy Systems Optimization
 - Mechanical & IT Systems Integration
 - Digital Transformation in Oil & Gas
 - Technical Documentation & Communication
-
