

Ashok Banoth

HEALTHCARE DATA ANALYST

New York, NY | (929)-400-4780 | ashokbanoth@hotmail.com

PROFESSIONAL SUMMARY

Results-driven **Healthcare Data Analyst** with **over 4 years of experience** in analyzing clinical, claims, and operational healthcare data. Skilled in SQL, Python, Tableau, and Excel to deliver actionable insights that enhance patient outcomes, reduce operational inefficiencies, and ensure HIPAA compliance. Strong background in **ETL pipelines, data quality improvement, and healthcare reporting standards (HEDIS, CMS, ICD-10, CPT)**. Adept at collaborating with cross-functional teams to drive business growth and compliance.

TECHNICAL SKILLS

Languages & Queries: SQL (Joins, CTEs, Window Functions), Python (Pandas, NumPy, Seaborn, Matplotlib), R (Basic)

Visualization & BI Tools: Power BI (DAX, Power Query), Tableau, Excel (Pivot Tables, Power Query, VLOOKUP), Google Data Studio

Healthcare Data Expertise: Claims & Utilization Data, Patient Outcomes Analytics, EHR/EMR Data, Population Health, Healthcare Cost Analysis, Clinical Metrics & Quality Reporting

Analytics & Modeling: Forecasting, Time Series, Regression, Cohort Analysis, A/B Testing, Data Cleaning & Transformation

Databases & Cloud: Azure SQL, MySQL, PostgreSQL, Oracle DB, Google BigQuery

ETL & Data Management: Alteryx, Apache Airflow, Talend, SSIS, Excel Power Query

Collaboration & Tools: JIRA, Confluence, Azure DevOps, SharePoint, MS Teams, Agile/Scrum Practices

Compliance & Governance: HIPAA, Data Security, HEDIS Measures, Healthcare Reporting Standards

PROFESSIONAL EXPERIENCE

Healthcare Data Analyst | UnitedHealth Group, *NJ*

Nov 2023 - Current

- Analyzed claims, utilization, and patient outcomes data using SQL and Python, improving healthcare cost transparency and enabling stakeholders to reduce costs by 12% annually.
- Developed Power BI and Tableau dashboards that tracked clinical metrics, readmission rates, and patient outcomes, improving operational decision-making across clinical teams.
- Built and optimized ETL workflows using Azure Data Factory and Alteryx, streamlining claims and EHR/EMR data ingestion, reducing processing time by 30%.
- Collaborated with clinicians and payers to support population health and risk adjustment models, identifying gaps in care and improving quality scores.
- Designed regression and cohort analyses to identify drivers of patient readmissions, leading to improved discharge planning and a 10% reduction in readmission rates.
- Ensured compliance with HIPAA and HEDIS standards, while implementing strong data validation and governance frameworks for reporting accuracy.
- Partnered with cross-functional teams using Agile and JIRA to deliver data-driven solutions supporting value-based care initiatives.
- Designed and automated claims and patient outcome reports using SQL and Power BI, enabling leadership to track cost trends and reduce annual expenses by 12%.
- Developed ETL workflows in Azure Data Factory and Alteryx, cutting data ingestion and transformation time by 30% across claims and EHR pipelines.

Junior Healthcare Data Analyst | HealthMinds Consulting, *India*

Feb 2020 - Jul 2022

- Assisted senior analysts in cleaning, transforming, and analyzing EHR/EMR and claims data to support healthcare research projects and reporting needs.
- Built Excel and Power BI reports to monitor patient outcomes, hospital utilization, and cost trends, enabling stakeholders to track performance effectively.
- Supported development of SQL queries and stored procedures to extract and validate healthcare datasets, ensuring accuracy in reporting and compliance with standards.
- Conducted data profiling and quality checks, reducing errors in patient data by 15% and improving reliability of analytics projects.
- Contributed to population health analysis projects, identifying at-risk patient cohorts for preventive interventions and chronic disease management.
- Assisted in preparing regulatory and compliance reports, ensuring adherence to HIPAA and data privacy guidelines.
- Collaborated with consulting teams and clinicians to design data visualizations and insights that guided client presentations and strategic recommendations.

EDUCATION

Master of Sciences in Computer Science | Pace University, New York, NY

CERTIFICATE

Oracle Certified Specialist: Data Analytics
