Experience

NERA Economic Consulting

Analyst

Boston, MA/Remote

Jul 2023 - Dec 2024

Associate Analyst

Jul 2022 - Jul 2023

Research Associate

Jul 2021 - Jul 2022

Energy and Healthcare Practices

- Supported development of published papers and economic reports used in high-stakes legal proceedings through general research, data analysis, and report writing.
- Conducted statistical, economic, and financial analyses using R, SQL, and Excel to derive data-driven insights and develop visualizations driving expert reports and publications.
- Developed quantitative models central to expert reports by sourcing, cleaning, integrating, and analyzing complex multi-source data.
- Drafted report and publication content based on analytical findings, review of literature, and analysis of financial and operational documents.
- Led research teams; mentored and trained junior colleagues.

Selected Projects:

- Led development of paper discussing economic benefits of increased access to over-the-counter medication, overseeing team in research, data, and writing tasks.
- Developed evidence of competitive market pricing through analysis of pricing and inventory data in R for project with pharmaceutical manufacturer.
- Analyzed healthcare data in R to produce visualizations illustrating physician shortages and geographic distribution of access to medical care for paper on healthcare inequities.
- Wrote SQL script quantifying utility's overcharges to customers, identifying over \$1 million in unlawful charges, for bankruptcy proceeding.

Consult Your Community
