RELEVANT PROJECTS

Financial Data Analytics Capstone

- Managed retail sales datasets with **SQL queries** in LibreOffice Base and **forecasting models** in Excel, identifying pricing trends and discrepancies to improve financial accuracy.

Operations & Cost Management Simulation

- Modeled supply chain workflows and **resource allocation scenarios**; evaluated efficiency trade-offs and potential cost savings through process optimization.

Business Intelligence Dashboard Project

- Built **financial performance dashboards** in Excel, using pivot tables and advanced formulas to track KPIs and support real-time decision-making.

Applied Statistics Research

- Applied regression analysis and predictive modeling in Excel on **macroeconomic datasets**, producing a professional report on inflation's relationship with consumer purchasing behavior

EXPERIENCE

Financial Analyst | OPEX Construction Group, NJ

July 2024 – Present

- Developed cost estimates and financial models in Excel to support project bidding and budgeting decisions, improving accuracy of expense forecasting.

- Conducted market research on competitor and contractor pricing, creating benchmarks that strengthened negotiation leverage and project planning.
- Prepared variance and budget tracking reports that highlighted cost overruns and provided actionable insights to leadership.
- Generated cash flow projections to improve visibility into project funding needs and ensure alignment with construction timelines.

Doorman | 2 Montague Terrace, Brooklyn, NY

January 2023 – Present

- Represented building management with professional front-line service for residents and guests, maintaining a secure and welcoming environment.
- Coordinated with staff to manage deliveries, visitor access, and service requests, demonstrating attention to detail and organizational ability.
- Provided high-quality support that contributed to overall tenant satisfaction and building operations.

SKILLS

Data Analysis (Excel, SQL, LibreOffice Base), Workflow Optimization, Business Communication, Stakeholder Collaboration, Problem Solving, Process Improvement, Critical Thinking, Adaptability, Attention to Detail, Organizational Skills

AWARDS

- Consecutive Dean's List Recipient (Ramapo College)
- Honors Program Participant (Ramapo College)
- Leadership & Service Award (Ramapo College)
