PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented aspiring Data Analyst with a strong academic background in mathematics and hands-on project experience in data analysis and visualization. Certified in Power BI and Google Data Analytics, with practical skills in Python, R, SQL, and dashboard creation. Passionate about using data to solve problems and eager to contribute to data-driven decision-making in a collaborative environment.

TECHNICAL SKILL SETS

- Language : R Programming languages, Python, C Programming
- Operating Systems : Windows, Linux
- Tools & Technologies : Math (statistics and probability), Data Visualization, Tableau, MS Excel, MATLAB, SPSS, PEGA PRPC, Power BI
- Database : Relational database (MYSQL)

CERTIFICATIONS

- [Google Data Analytics Professional Certificate](#)
- Microsoft Certified: Power BI Data Analyst Associate
- Pega Certified System Architect (v8.8)

PROJECTS & PUBLICATIONS

- Study on Convergence of Unconstrained Optimization.
- [An Improved Secant-Like Method and Its Convergence for Univariate Unconstrained Optimization](#)

EXPERIENCE

- Around 1.5 years of project experience in developing an “Improved Secant-like Method and its Convergence for Univariate Unconstrained Optimization”, which examines using

divided difference property and shares same convergence properties with modified secant method.

- Around 1.5 years of data analytic experience while experimenting with the data derived from the results for each derivation created to prove the theory on the above-mentioned project has a better convergence rate.
- Excellent analytical and troubleshooting, team building and collaboration skills.
- Good communication and presentation skills.
- Presented the project work at Numerical Optimization In Engineering & Science Conference at NIT, Warangal, India.

ACADEMIC QUALIFICATION

- Master Of Science in Mathematics, completed in 2019 from Amrita School of Engineering, Coimbatore, Tamil Nadu with a CGPA of 8.63.

WORKSHOP

- Attended Statistical Techniques on Data Analytics workshop on March 2017.

VOLUNTEER EXPERIENCE/LEADERSHIP

- Student coordinator for international conference on Graph Theory and its applications. (2015)
- Student coordinator for ANOKHA TECH FEST in Amrita Vishwa Vidyapeetham (2018)
- Leading the volunteers in MATH GAMES, conducted by Department of Mathematics during ANOKHA TECH FEST, in Amrita Vishwa Vidyapeetham. (2018)
- Student coordinator for THE STATISTICAL DAY event conducted by the Department of Mathematics, Amrita Vishwa Vidyapeetham. (2018)
