

BHAVYA ALEKHYA GOURIPEDDI

📍 Dallas, TX 📞 469-793-0688 ✉ bhavyaalekhy3@gmail.com 🔗 [linkedin.com/bhavyaalekhy3](https://www.linkedin.com/bhavyaalekhy3) 🐙 github.com/bhavyaalekhy3

SUMMARY

Results-driven Full Stack Developer with 2+ years of experience delivering scalable web applications, cloud-native solutions, and microservices. Expertise in Java, Spring Boot, React.js, Node.js, and AWS to build secure, high-performance systems. Proven track record of reducing deployment failures by 40%, optimizing API response times by 30%, and cutting cloud costs by 25%. Passionate about leveraging Generative AI, ML, and modern DevOps practices to create intelligent, future-ready solutions.

TECHNICAL SKILLS

- **Languages & Frameworks:** Java, TypeScript, JavaScript (ES6+), Python, PHP, SQL, React.js, Next.js, Angular, Redux, Node.js, Express.js, Spring Boot, Hibernate, ASP.NET
- **Frontend Technologies:** HTML5, CSS3, Tailwind CSS, Material UI, Responsive Design, SPAs, GraphQL APIs
- **Backend & Architecture:** RESTful APIs, Microservices, Event-Driven Design, OOP, Design Patterns, Server-Side Rendering
- **Cloud, DevOps & Tools:** AWS (EKS, Lambda, S3, EC2), Azure, Docker, Kubernetes, Terraform, Jenkins, GitHub Actions, Git, Linux, Postman, Jira, Slack, Agile (Scrum/Kanban), CI/CD Pipelines
- **Databases & Data:** PostgreSQL, MySQL, MongoDB, DynamoDB, SQLite, Query Optimization, Data Modeling
- **Testing & Automation:** Jest, Cypress, Selenium, TDD, BDD, Unit/Integration Testing
- **AI & Emerging Technologies:** Generative AI, LangChain, OpenAI APIs, ML Pipelines, Prompt Engineering

WORK EXPERIENCE

CGI

Oct 2024 – Present
USA

Full Stack Developer

- Developed RESTful and GraphQL APIs using **Java**, **Spring Boot**, and **Hibernate**, improving system security and backend throughput.
- Engineered single-page applications using **React.js**, **Node.js**, and UI libraries like **Material UI**, enhancing user experience and reducing load times.
- Designed and deployed a scalable **microservices** architecture using **Spring Boot**, **Express.js**, and **Docker**, allowing modular releases and independent scaling.
- Orchestrated container deployment on **AWS EKS**, streamlining release cycles and minimizing downtime.
- Implemented **ML-based sentiment analysis** features, boosting customer support quality and interaction insights.
- Optimized CI/CD pipelines using **Jenkins**, decreasing deployment failures by 40%.
- Utilized **PostgreSQL** and **DynamoDB** to improve query performance and reduce latency.

Tata Consultancy Services

Jan 2021 – Dec 2021
Hyderabad, India

Application Development Engineer

- Designed and deployed scalable cloud infrastructure using **Azure**, achieving 25% cost savings through effective resource management.
- Automated infrastructure provisioning on **AWS** using **Terraform** and **Docker**, accelerating deployment timelines.
- Enhanced API responsiveness by tuning queries in **PostgreSQL** and **MySQL**, reducing latency by 30%.
- Built event-driven data processing pipelines with **Python-based AWS Lambda** functions.
- Established proactive monitoring and alerts, improving incident response time by 30%.
- Authored disaster recovery and high-availability documentation, supporting 99.95% system uptime.

Engineering Staff College of India

May 2019 – Jun 2019
Hyderabad, India

Full Stack Developer Intern

- Developed web platforms using **React**, **TypeScript**, **Node.js**, and **Express.js**, delivering feature sets ahead of deadlines.
- Implemented secure authentication via **JWT** and role-based access control.
- Created and optimized **REST APIs** to handle data for 50,000+ users, increasing throughput and response time.
- Designed dashboards using **Material UI** and **Tailwind CSS** for improved system administration.
- Increased test coverage using **Jest** and **Cypress**, reducing production bugs.
- Automated reporting workflows using **AWS Lambda**, reducing manual reporting overhead.

EDUCATION

University of Texas at Dallas

Aug, 2024

Masters in Computer and Information Sciences (Thesis: **Error Category Recognition in VLMs**) (GPA: 3.67 / 4.00)

Dallas, TX

Jawaharlal Nehru Technological University Kakinada

Sep, 2020

Bachelor in Computer Science and Engineering (GPA: 3.81 / 4.00)

Kakinada, India

PUBLICATIONS

Peddi, R., Arya, S., Challa, B., Pallapothula, L., Vyas, A., **Gouripeddi, B.**, Zhang, Q., Wang, J., Komaragiri, V., Ragan, E., Ruoizzi, N., Xiang, Y., & Gogate, V. (2024). **CaptainCook4D: A Dataset for Understanding Errors in Procedural Activities**. **NeurIPS 2024**

CERTIFICATIONS

- Oracle Cloud Infrastructure 2024 Generational AI Professional
- Generative AI for Software Development by DeepLearning.ai
