EDUCATION

Master of Science in Information Systems	Jan 2016 – Dec 2017
Pace University, Seidenberg School of Computer Science and Information Systems (GPA: 3.91)	New York, NY
Bachelor of Engineering in Computer Engineering	Aug 2011- May 2015
Sarvajani College of Engineering and Technology (SCET) (GPA: 3.75)	Surat, India

TECHNICAL SKILLS

Database:	MS SQL Server, MS Access, MySQL, Oracle 11g, Teradata
Programming:	R, Python (Jupyter Notebook)
SDLC Methodologies:	Agile-Scrum and Waterfall, Jira
Tools & Technologies:	Tableau, Power BI, Google Analytics, Amazon Web Services, JMP Pro, Autopilot, Pendo, Alteryx

WORK EXPERIENCE

Data Analyst RealConnex, New York City	Jul 2018 – Present
- Identified business critical data from the ecosystem and developed strategies to design the required data model - Participated in daily standup meetings and maintained Jira for tracking the data migration progress and issues - Ensured data consistency, completeness and correctness for the ingested data in Salesforce from SQL database - Generated analytical reports catering to System Engagement, Marketing Activation & Retention, Capital Markets - Automated data extraction and cleansing from disparate sources to enrich data in Salesforce using Python scripts	
Business Intelligence Analyst Reckitt Benckiser, New Jersey	Mar 2018 – Jul 2018
- Analyzed performance of the Marketing campaigns focusing on Ad Type, impressions, clicks, sales and spend - Involved in Market Basket Analysis to find out competitors and uncover associations between items - Created target marketing strategies based on the analysis thereby increasing total sales by 26% - Extracted important feature to predict whether products would be reordered in the next order of customers	
Statistical Modeler (Intern) SiriusXM, New York City	Sep 2017 – Dec 2017
- Implemented predictive models using decision tree algorithm executed on listener's survey data - Ensured QA using Teradata by executing SQL queries to identify data inconsistencies - Developed k-mean cluster models for listener recommendation systems for all channels of SiriusXM - Used KNN Algorithm to predict the preference depending on the Geographical location - Generated Heat Maps visualization for Promotions and Event Marketing team to focus on responsive location	
Data Analyst Intern Boost Payment Solutions, New York City	June 2017 – Aug 2017
- Analyzed AP/AR datasets to identify potential clients for the unique B2B payments solution developed by the firm - Created ad-hoc SQL based reports based on transaction volume, count and merchant type for the sales team - Enhanced the existing reconciliation operations by developing macros and utilizing advance Excel functions - Implemented Excel vlookup to improve remittance reporting for payment merchants – VISA, MasterCard and Amex	
Data Analyst Intern Alzerina Jewelry, New York City	Jan 2017 - Mar 2017
- Scrapped the web to extract information of products and performed data modeling and database normalization - Coordinated with relevant stakeholders to analyze and solve data problems like missing values and duplicity - Monitored data quality issues and validated data mapping by writing SQL queries - Performed data-driven analysis using Google Analytics for marketing campaigns to understand users' trend - Independently developed strategies to analyze historical data and forecast sales for Alzerina	

PROJECTS

Twitter Sentiment Analysis Python, Tableau	Jul 2018 - Present
- Analyzed scrapped user tweets from Twitter in order to understand sentiments of individuals - Processed raw data to mine tweet feeds using Natural Language Processing (NLP) in Python - Published various kinds of live, interactive data visualizations, dashboards, reports and workbooks using Tableau	
IMDB Analysis R, MS Excel	Jan 2017 - May 2017
- Developed predictive models using R for predicting movie success based on genre, actor of the movie - Improved the process of data cleansing using MS Excel, resulting in 10% reduction of erroneous records - Performed text mining on the genre of movie data using tm and reshape2 packages in R	

PERSONAL DEVELOPMENT & LEADERSHIP

- Certified Scrum Master by Scrum Alliance
- Led the State level event having the team of 25+ students for three different categories in College function
- Worked for an NGO named Happy Minds in India
