

MANISHA REDDY

BI ANALYST

Canton, MI – 48187 | manishach9381@gmail.com | (313) 306-2168 | <https://www.linkedin.com/in/manisha-chin/>

PROFESSIONAL SUMMARY

Results-driven **Business Intelligence Analyst** with **5 years of experience** in data analytics, visualization, and business strategy. Proven expertise in leveraging tools such as **Power BI, Tableau, SQL, and Python** to deliver actionable insights and drive revenue growth. Adept at collaborating with cross-functional teams to streamline reporting processes and optimize data-driven decision-making.

TECHNICAL SKILLS

Business Intelligence & Visualization:	Power BI, Tableau, Looker, Qlik Sense, Excel (Advanced), DAX, Power Query, Data Storytelling, Dashboard Design
Data Management & Databases:	SQL (MySQL, PostgreSQL, MS SQL Server), Data Modeling, Data Warehousing, ETL (SSIS, Azure Data Factory, Snowflake, Redshift), Data Cleansing & Transformation
Programming & Analytics:	Python (Pandas, NumPy, Matplotlib, Seaborn), R, Statistical Analysis, Predictive Modeling, Machine Learning (Basic), A/B Testing
Cloud & Big Data Tools:	AWS (Athena, Redshift, S3), Google BigQuery, Azure Synapse Analytics, Databricks
Business & Domain Skills:	KPI Development, Financial Analysis, Forecasting, Root Cause Analysis, Business Requirements Gathering, Stakeholder Communication, Agile/Scrum
Soft Skills:	Analytical Thinking, Problem Solving, Data-Driven Decision Making, Cross-Functional Collaboration, Presentation & Storytelling

PROFESSIONAL EXPERIENCE

Business Intelligence Analyst

Jul 2025 – Present

KAISER PERMANENTE

USA

- Designed and maintained interactive Power BI dashboards tracking KPIs across marketing, finance, and operations, improving data accessibility by 35%.
- Automated recurring reports using SQL and Power Query, reducing manual effort by 40+ hours per month.
- Developed and optimized ETL pipelines to consolidate data from multiple sources (CRM, ERP, APIs, cloud systems).
- Created data models and DAX measures to support executive-level reporting and self-service analytics.
- Partnered with stakeholders to define and refine key business metrics and OKRs for performance tracking.
- Delivered ad-hoc insights that supported cost optimization initiatives, resulting in a 10% decrease in operational spending.
- Implemented data quality validation rules and automated error detection scripts, reducing inaccuracies by 25%.

BI Analyst Intern

Jan 2025 – May 2025

CVS HEALTH

USA

- Assisted in developing Power BI dashboards for client performance tracking, improving visibility into key business metrics.
- Wrote SQL queries to extract, clean, and transform raw data for client reports and ad-hoc analysis.
- Supported senior analysts in trend, variance, and cohort analysis for finance and healthcare clients.
- Performed data quality checks and validation to ensure report accuracy before client delivery.
- Designed and tested prototype dashboards and visualization mockups to meet client reporting needs.
- Helped automate manual Excel-based reports, reducing turnaround time by 30%.

BI Analyst

Sept 2019 - Jul 2023

DXC TECHNOLOGY

India

- Conducted sales performance and customer behavior analysis, uncovering insights that boosted repeat purchases by 15%.
- Designed and deployed Tableau dashboards for regional sales and supply chain monitoring, cutting reporting time by 50%.
- Created SQL stored procedures to extract and transform large datasets from POS, CRM, and inventory systems.
- Developed Python scripts to automate data validation and generate trend analysis reports.
- Collaborated with business stakeholders to identify KPIs that aligned analytics goals with corporate strategy.
- Improved data integrity by implementing data governance and version control processes across departments.
- Supported forecasting and demand planning efforts by integrating predictive models into Tableau dashboards.
- Conducted A/B testing and statistical analysis to measure campaign effectiveness, guiding marketing investment decisions.
- Partnered with IT to migrate legacy reporting to cloud-based BI infrastructure (Snowflake & Tableau Online).
- Delivered actionable insights to leadership through data storytelling presentations, influencing pricing and promotional strategy.

EDUCATION

Masters of Science in Information Systems Business Analytics

May 2025

Central Michigan University, MI

USA
