

Bina Jariwala

Scrum Master | Project Manager | Agile & Lean Methodologies | Data-Driven Innovation

Mobile: (919) 656-7175 | [bjariwala03@gmail](mailto:bjariwala03@gmail.com)

Professional Summary:

Certified SAFe 6 Scrum Master and SAFe 6 Lean Portfolio Manager with 4+ years of progressive experience in Agile delivery. Skilled in Agile frameworks including Scrum, Kanban, and SAFe, with a proven ability to lead cross-functional teams, manage stakeholders, mitigate risks, and drive continuous process improvement. Demonstrated success in overseeing the full lifecycle of complex software projects, consistently delivering ahead of schedule and within budget. Technically adept in Jira, Azure DevOps, Rally, Confluence, Target Process, and various data analytics platforms, with foundational knowledge of SQL and Python.

Professional Experience:

MetLife, Cary, NC

Scrum Master / Project Manager

July 2022 – December 2024

- Led delivery of Regulatory Compliance project focused on NYDFS regulations, data privacy, and security, achieving over 100% success by deploying 15+ applications into production.
- Facilitated all Agile ceremonies and coached teams in Scrum, Kanban, and SAFe frameworks to boost productivity and Agile maturity.
- Managed project planning, scope, defect management, and release scheduling, resulting in a reduction in delays and improved client satisfaction.
- Collaborated with cross-functional teams to prioritize backlog, reducing ambiguity and rework.
- Provided comprehensive project status reports and enhanced transparency for stakeholders, strengthening decision-making processes.
- Assessed risk assessment strategies to mitigate dependencies and delays, ensuring timely delivery with stakeholder alignment.
- Coordinated diverse, distributed teams, including on-site and offshore members.
- Coached and empowered the team to self-organise, resulting in improved accountability and ownership

Environment: SAFe® Agile, Scrum, Kanban, Azure DevOps, BI, Portfolio, MS Office, Webex, Zoom & MS Teams.

VWark, Cary, NC

Scrum Master

June 2020 – June 2022

- Directed end to end project lifecycles, from scope definition through delivery, ensuring on-time and within-budget completion.
- Implemented Cloud-enabled CRM and project management tools to streamline workflows and improve client communication.

Bina Jariwala

Scrum Master | Project Manager | Agile & Lean Methodologies | Data-Driven Innovation

Mobile: (919) 656-7175 | bjariwala03@gmail.com

- Orchestrated Agile ceremonies and led transformation efforts, transitioning cross functional teams from traditional to Agile practices, enhancing team collaboration and feedback.
- Managed Jira backlog, monitored scope, tracked budgets, and removed impediments to maintain delivery alignment with business goals.
- Fostered open communication channels via Slack and regular sync-ups, improving team productivity and engagement
