Summary

Business & Data Analyst with 2 years of experience in healthcare and business analytics, specializing in data cleaning, ETL pipelines, and statistical analysis using Python and SQL. Proficient in building dashboards and reports (Tableau, Power BI, Excel) to support healthcare operations, claims analysis, and regulatory compliance. Skilled in analyzing EHR, patient records, and insurance data to identify trends, improve decision-making, and ensure data accuracy and HIPAA compliance. Certified IBM Data Scientist and Google Data Analyst, with proven ability to deliver actionable insights and collaborate with business stakeholders in Agile environments.

Skills

Technical Skills: Python, SQL (Complex Queries, Stored Procedures), Advanced Excel (VLOOKUPS, Pivot Tables, Macros), Power BI, Tableau.

Data Platforms: Databricks, Snowflake, Apache Superset.

Data Analytics: Data Cleaning & Transformation, Data Visualization, Statistical Analysis, Dashboard Development, Reporting, ETL Pipelines, Trend Analysis, Claims Data Analysis, EHR/EMR Data.

Business Analysis: Requirements Gathering, Stakeholder Communication, Process Documentation, Agile Collaboration, Workflow Optimization.

Tools & Libraries: Python (Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn), Jupyter Notebook, Git

Work Experience

OEE IntelliSuite, West Salem, WI(Remote), United States

May 2025 - Present

Junior Data Analyst (Contract)

- Performed exploratory data analysis (EDA) on manufacturing datasets to uncover trends and insights.
- Applied statistical methods to detect patterns and anomalies for process improvement.
- Cleaned and transformed data using SQL and Python (pandas, Jupyter Notebook) for analysis readiness.
- Communicated findings through visualizations and dashboards using Power BI and Apache Superset.

Stiriti Ayur Therapies Pvt Ltd, Hyderabad, India

Feb 2022 -Dec 2023

Data Analyst

- Analyzed 1M+ data records using SQL and Python, improving query performance by 30%.
- Built dashboards in Power BI and Tableau, increasing stakeholder engagement by 45%.
- Cleaned and validated datasets using Python, achieving 98% data accuracy.
- Automated reports with SQL and Excel, saving 12+ hours of manual work weekly.

Projects

Global Sales Analytics & Dashboards

- Analyzed global sales data using Python and Snowflake to identify customer trends, boosting campaign effectiveness by 15%.
- Built two interactive Power BI dashboards visualizing \$1.5M in profit and 92.4% fulfillment rate, improving forecast accuracy by 20%.
- Tools: Power BI, Python, Snowflake, SQL, DAX.

Healthcare Operations & Patient Insights Dashboard

- Built an interactive Power BI dashboard for hospital operations and patient insights.
- Applied DAX and Power Query for KPI calculations and ETL of hospital datasets.
- Designed funnel, donut, and line chart visuals to track patient, billing, and feedback trends.
- Tools: Power BI, DAX, Power Query (M), Excel/CSV

Healthcare Claims Data Analysis – Company challenge

- Analyzed hospital claims data to uncover anomalies, cost drivers, and reimbursement delays.
- Applied Python (pandas, NumPy) and SQL for data cleaning, transformation, and trend analysis.
- Visualized claim approval rates and patient cost distributions using Matplotlib and Seaborn.
- Tools: Python, SQL, Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook

AI-Powered Patient Health Dashboard

- Developed an AI-powered patient health dashboard to monitor vitals, medication adherence, and clinical risk indicators.
- Discovered patient-specific risk trends, abnormal lab flags, and generated real-time health recommendations.
- Tools: Snowflake, SQL, Excel, Tableau Public, Predictive Analytics

Certificates

- IBM Data Scientist Professional Certificate
- Google Data Analytics Specialization
- Artificial Intelligence Fundamentals - IBM
- AWS Certified Data Analytics – Udemy
- Edureka Power BI Capstone Project - Edureka
- Data Analytics Essentials - Cisco
- Microsoft Power BI: Beginner to pro - Udemy
- Introduction to Data Science - Cisco
- Deloitte Australia Data Analytics Job Simulation on Forage - April 2025

Education

Northern Arizona University, Flagstaff, USA

M.S. in Information Technology

Jan 2024 - May 2025

Grade: 3.82

- Relevant Projects: Food Guardian Website, Exploratory Data Analysis (EDA) in MySQL, Capstone Microsoft Power BI Projects, Web Scraping with Python

Malla Reddy Institute of Technology & Science, Hyderabad, India

Jun 2018 - Sep 2022

B.Tech in Electronics and Communication Engineering

Grade: 3.0
