PROFESSIONAL EXPERIENCE

Spring Valley | April 2025 – June 2025

Procurement Specialist

- Led full cycle procurement operations across four manufacturing plants, managing raw materials, packaging, and indirect supplies.
- Negotiated vendor contracts and pricing agreements, securing cost savings and fostering long-term supplier partnerships.
- Collaborated with logistics, production, and finance teams to forecast demand and maintain optimal inventory levels.
- Identified and onboarded new suppliers to enhance product quality and reduce lead times.
- Leveraged Microsoft Dynamics 365 and Power BI to analyze procurement trends, manage date, and support decision-making.

Nike | August 2022 – December 2024

Team Lead Consumer Purchasing Analyst

- Promoted to lead team of 8 within 6 months at Nike. Oversaw inventory management and purchase order maintenance enabling sustainable, profitable growth for Nike North America.
- Brought on board to assist with inventory management to create efficiencies around excess purchasing.
- Worked with 30 international Nike factory and vendor partners to coordinate supply chain pipelines.
- Coordinated with teammates for purchase order updates, direct-ship alignments, promotional footwear orders, and air freight alignments for 10K+ Nike footwear purchase orders for each buying season.
- Served as primary liaison between end users and implementation team during a global ERP migration, bridging technical and operational needs to transform tools and processes across operations.
- Developed interactive dashboard in Power BI to track purchasing trends and supply chain KPIs, improving visibility and reducing manual reporting time.
- Sourced, tracked and managed purchase order updates in SAP; ensured timely and accurate pre and post-buy maintenance.
- Streamlined daily analytics withing SAP, Tableau, and Power BI to resolve and de-escalate production and reduce shipping delay issues by over 20%.

Agile Hardware Northwest LLC | June 2020 – August 2022

Electronics Purchasing & Inventory Associate

- Procured complex electromechanical assemblies for use in harsh environments that ensured high quality / error-free product delivery to customers.
- Utilized Microsoft Dynamics 365 to manage customer accounts, track sales opportunities, and streamline business processes, improving data accuracy and operational efficiency.
- Partnered with engineers to support manufacturing processes; ensured materials for shipment of complex electromechanical assemblies were ordered and arrived on time and achieved high yields by establishing clear understanding of technical requirements.
- Designed prototype printed circuit boards alongside Chief Engineer with customer feedback for use in research and development on prototype products.

Sanofi Pharmaceuticals | February 2018 – December 2018

Regional Team Lead & Product Resource Associate (contract)

- Executed product launch strategies under guidance of executives and in partnership with key internal stakeholders.
- Exceeded initial sales goals by 10% during first 6 months; created marketing materials, developed new client relationships, and established lasting sales channels.
- Managed team of six Sales Associates to set sales goals and tracked customer relationships.

Allstate Insurance | January 2017 – January 2018

Office Manager

- Managed 10 insurance vendors (body shops & wrecking yards), ensuring clients received best price and quality work.
- Trusted to oversee payroll, invoicing, and monthly sales projections and financial models.
- Established new client relationships through cold calling, emailing, and website inquiry follow up.
