SUMMARY

Results driven Mechanical Engineering and MBA graduate with a strong foundation in engineering design, project management, and business operations. Led innovative projects with industry leaders like WorldAutoSteel and Ricardo Engineering, delivering adaptable vehicle systems using advanced design tools. As a recognized NCAA Division 1 athlete and team leader, I bring exceptional communication, problem-solving, and strategic thinking to drive technical innovation and business growth. Passionate about leveraging technical expertise and business insight to deliver impactful results in engineering and sales environments.

EDUCATION

Michigan Technological University | Houghton, MI
Bachelor of Science Mechanical Engineering
GPA: 3.26

Aug. 2023

Michigan Technological University | Houghton, MI
Master of Business Administration (MBA)
GPA: 3.62

Apr. 2024

PROJECT EXPERIENCE

WorldAutoSteel and Ricardo Engineering Passenger-to-Cargo Adaptation for Steel E-Motive Vehicle (ME-EM Senior Capstone Design Program)

Project: Design, prototype, and test a quick conversion vehicle interior system allowing the change in modes of autonomous passenger transport to an autonomous package delivery system

- Working directly with WorldAutoSteel and Ricardo Engineering to identify needs of the system for current and future applications
- Create a multifunctional system that allows for quick changeover between vehicle modes of use
- Designed a system model using NX 3D modeling software and 3D printed prototypes
- Simulated and tested with FEA

SKILLS

- | | | |
|---------------------------|---------------------|----------------------|
| ▪ MATLAB | ▪ Simulink | ▪ Self-Motivated |
| ▪ Siemens NX (CAD) | ▪ Microsoft Excel | ▪ Project Management |
| ▪ Finite Element Analysis | ▪ Critical Thinking | ▪ Strategic Planning |

LEADERSHIP & HONORS

- NCAA Division 1 Athlete - Team Captain
- Business Owner - Premier Painting Services LLC
- AHCA All-American
- CCHA Student Athlete of the Year
- Dean's List Student
