Fairfield, Iowa | (641) 819-1404 | shaima.nasri@gmail.com | <https://www.linkedin.com/in/shaima-nasri/>

Business Developer & Analyst | Strategic Growth

I'm a multilingual Business Analyst with over 6 years of experience using data to tackle challenges, boost performance, and steer strategic decisions across various sectors, including consulting, technology services, SaaS, e-commerce, marketing, and education. I have a solid quantitative background and specialize in performance analysis, forecasting, KPI reporting, trend modeling and scenario planning. I'm skilled at creating dashboards using tools like Power BI and Tableau, analyzing large datasets with SQL, Excel, and R, and working alongside cross-functional teams to achieve meaningful results. I excel at translating business needs into actionable insights and communicating effectively with both stakeholders and clients. Plus, I'm fluent in English, French, and Arabic.

CORE COMPETENCIES

Data Analysis and Interpretation | Data Visualization (Power BI, Tableau) | Statistical Modeling (SPSS, R, Stata) | SQL | Advanced Excel (PivotTables, VLOOKUP) | KPI Tracking & Marketing Funnel Optimization | Campaign Reporting & A/B Testing | Marketing Analytics Dashboards | Web & Digital Analytics (GA4, Google Analytics) | CRM & ERP Platforms (Salesforce, SAP ERP, SAP analytics cloud) | Agile & Scrum Methodologies | Forecasting, Trend Modeling & Scenario Planning | Business Requirements Gathering | Financial Impact Analysis | Revenue Optimization Strategy | Stakeholder Communication | Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Ignite Digital Solutions DIGIETAB, Sousse, Tunisia

Business Development & Strategy Analyst

Mar 2021 – Apr 2025

- Delivered strategic business recommendations based on performance trends and campaign ROI analysis, influencing feature decisions, budget allocation, and growth priorities; results included a 25% increase in user engagement for key clients.
- Partnered with cross-functional teams (Marketing, Sales, Development, and Design) to translate business objectives into actionable user stories and technical requirements.
- Advised clients on tailored web platform strategies, ensuring that the design and functionality of digital products matched customer needs and delivered measurable business outcomes.
- Identified inefficiencies and business opportunities through performance analysis, leading to new service offerings and improved workflows that drove 30% revenue growth in 2024.
- Supported sales operations by developing Power BI dashboards and Salesforce reports to track pipeline performance, drive sales insights, and inform campaign strategy.
- Authored and structured business and software requirements through BRDs, SRS documents, KPI reports, and gap analyses to support stakeholder alignment and guide development from planning to execution.
- Used tools like Excel, SQL, and Google Analytics to evaluate customer behavior trends and campaign performance, to support continuous optimization and targeted improvements.

Alfa Print, Douai, France

E-commerce Business Analyst

Jan 2019 – Feb 2021

- Analyzed e-commerce performance and collaborated with sales and marketing teams to identify business opportunities and support market expansion into new European regions.
- Conducted pricing analysis and customer trend evaluation, helping reduce return rates and improving overall competitiveness.
- Delivered insights that boosted customer retention and enhanced the online buying experience through data-driven recommendations.
- Built reports and dashboards to track key KPIs, enabling more informed sales decisions.

TEACHING & INSTRUCTION EXPERIENCE

Pristini International School (Cambridge School), Sousse Tunisia

Certified Cambridge Instructor – Quantitative Methods

Sep 2022 – Oct 2024

- Taught IGCSE Mathematics and Statistics with a focus on quantitative reasoning, statistical modeling, and data interpretation through applied problem-solving.
- Contributed to departmental planning through student performance analysis and internal reporting; supported institutional efforts to improve learning outcomes and student success.

University of Sousse (FSEG and ISG), Sousse, Tunisia

Assistant Professor – Quantitative Methods

Sep 2018 – Jun 2023
