Work Experience

H&R Block, Campbell, CA - *Client Service Coordinator*

Jan 2025 - Apr 2025

- Delivered high-volume front-desk and client support, streamlining office operations and ensuring a professional client experience.
- Matched clients with appropriate tax professionals, scheduled appointments using Appointment Manager, and ensured seamless service across all channels.
- Resolved client inquiries and issues promptly, maintained accurate records, and securely organized and digitized documents for efficient access.
- Handled reporting and payment processing with precision, boosted client retention by 30% through exceptional customer service.

netPolarity (Saicon Consultants, Inc.) Campbell, CA - *Technical Sourcer*

May 2022 - Apr 2024

- Collaborated with client account managers and recruiters to develop and execute tactical and efficient sourcing strategies to generate 100% candidate flow to meet overall recruiting goals.
- Successfully utilized complex Boolean searches and X-Ray searches on job portals such as Monster, CareerBuilder, Indeed, ZipRecruiter, Dice, LinkedIn Recruiter, hireEZ, GitHub, Stack Overflow, and internal databases to source candidates.
- Surpassed monthly hiring goals by securing 3-4 new hires, conducting 200+ weekly reach-outs, and scheduling 2-3 interviews weekly, leading to a 25% increase in team capacity.
- Supported high-profile clients like Apple, AMD, Disney, FOX, Mattel, Aerojet Rocketdyne, Palo Alto Networks, Workday, Clorox, Deloitte, LifePort, Genentech, Toyota, Stanford University, Hitachi, Vmware, Magellan, Juniper Networks, Nutanix, Segway, Gap, Oracle, Kaiser Permanente, Akamai, Riverbed Technology, Federal Reserve Bank and many others.

- Successfully posted over 200 job requisitions across major job boards and social media platforms, resulting in a 30% increase in qualified applicants. Efficiently coordinated and scheduled an average of 30 weekly interviews for other recruiters.
- Facilitated the onboarding process for new hires, ensuring all background checks were completed with a 100% accuracy rate.
- Sourced candidates for interns, entry-level, mid-level, senior-level, and director-level positions.
- Orchestrated talent sourcing efforts across various domains, including Full-stack Engineer, Cloud Architect, Marketing Manager, Graphic Designer, and Program Manager, resulting in a 40% increase in hiring efficiency and a 25% decrease in time-to-fill.
- Executed initial screening and managed candidates within Applicant Tracking Systems to record, update, and track all candidate progress.
- Consistently recognized as the top sourcer for multiple consecutive months.

Tecosim Engineering Services, Pune - Consultant (HR & Marketing)

Jul 2018 - Jan 2019

- Led new talent acquisition and recruitment processes for over 20 new full-time hires, including interns, entry-level, and senior-level positions.
- Managed vendor relationships, collaborating with multiple manpower consultants to source resources for operations nationwide.
- Conducted thorough candidate screening, shortlisting, and interview coordination through job portals to ensure a high-caliber talent pool for the organization.

TLC Relationship Management (JW Marriott Hotel) - Club Coordinator

Jul 2017 - Jan 2018

- Helped implement a membership referral program, leading to an increase in sales while improving retention for members who referred their friends by 20%.
- Orchestrated member servicing initiatives and executed targeted lead generation activities in the hotel, resulting in an exceptional member satisfaction rate and surpassing lead generation goals by 30%. Collaborated with the direct sales team, providing support during sales calls and accompanying the hotel sales team to enhance sales strategies and secure new business opportunities.

Precision Global Services - Recruitment Associate

Jul 2015 - Dec 2016

- Led full-cycle recruitment involving sourcing, identifying, interviewing, screening, and placing personnel in a quick turnaround time for permanent and contract-to-hire positions, and additionally, managing the client's front end, individually provided tailored support, resulting in a 25% increase in client satisfaction ratings.
