

Chanchal

Cloud Engineer

Email: chanchalsiet@gmail.com

Location: Austin, TX

Phone: 669 274 6063

Chanchal has experience in Google Cloud Platform, AWS and python programming language. She has experience in building web applications , building REST APIs and automation scripting.

EXPERIENCE

Software Engineer Trainee - [Elastiq](#)

Aug 2024 - Current

- Started working as Software engineer Trainee at Elastiq
- Worked on Deploying ArgoCD on GCP
- Worked on Deploying Gitlab on GKE
 - Deploying Gitlab on GKE with Postgres on CloydSQL and Redis on Memory Store
 - Deploying Gitlab on GKE bundled with Postgres and Redis
 - Deploying Gitlab on GCE bundled with Postgres and Redis
 - Cost estimation for above different use case for 100 users on average
- Worked on Deploying Gemma GenAI models on GKE
 - Serving and Inference on GKE
 - Ollama
 - HuggingFace
 - Google Vertex AI
- Skills Used:
 - Python
 - Google Cloud Platform
 - Kubernetes
 - PostgreSQL, Redis
 - DevOps

Cloud Computing Course - UT Austin (McCombs School of Business)

Aug 2024 - Current

- Currently Enrolled in [POST GRADUATE PROGRAM](#) in Cloud Computing with specialization in AWS Cloud
- Skills
 - Python
 - AWS Cloud Platform
 - IAM, Networking,
 - EC2, EKS, ECS, RDS

Feb 2020 - Sep 2023

- Moved to USA in Feb 2020
- I am enthusiastic about the learning opportunities
- Completed Coursera course Python Programming
- Experience in Python and SQL programming
- Implementing Python scripts to interact with REST APIs
- Experience with Python Flask Framework
- Google Cloud Platform
 - IAM, BigQuery, Cloud Storage
 - Google Compute engine
- AWS:
 - IAM
 - EC2, Lambda
 - VPC, Load Balancer
 - S3
- Terraform:
 - Basic understanding and experience with terraform

Software Engineer Jul 2015 - Mar 2017 - [Synapseindia](#)

06/07/2015 - 03/11/2017 Uttar Pradesh, India

- Working with client team
- Creating and maintaining Task management system
- Python, PHP, and SQL
- PostgreSQL, MySQL

Junior Software Engineer - [Pixel Web Tech](#)

10/2013 - 06/07/2015 Noida, India

- Interaction with customer for requirement gathering
- Maintaining and developing new features using Python, php, mysql

- Government projects : AIMS, Bhel

EXPERTISE

- Web based application and Scripting using Python
- AWS , EC2, S3, IAM, RDS, VPC
- Google Cloud Platform, GKE, EC2, IAM, VPC
- Experience with AWS Cloud platform core services
- Python, SQL, Terraform
- MySQL, PostgreSQL, Redis
- JavaScript, CSS

EDUCATION

- 2009 - 2013 - B.Tech in Computer Science & Engineering from S.I.E.T. (Gautam Buddh Technical University - GBTU), Uttar Pradesh
- 2009 - 12th from Uttar Pradesh Education Board
- 2006 - 10th from Uttar Pradesh Education Board
