RELEVANT EXPERIENCE

AORS Rig Services Inc, Houston, TX

May 2025 – Present

Supply Chain and Logistics Analyst

- Coordinate end-to-end global supply chain operations valued at \$500K–\$1M per month, performing sourcing activities, scheduling, and inventory reconciliation using QuickBooks ERP to accurate project execution
- Built automated dashboards in Microsoft Power BI to monitor logistics KPIs (capacity utilization, cycle time, transportation lead time), improving planning visibility and decision alignment across teams by 30%.
- Compiled a costed plan for 154 active projects by finding raw material prices, implementing best routing techniques and communicating with suppliers to deliver cost transparency for \$200+ million Oil Rig projects.
- Actively engaging with 300+ key suppliers to strengthen supplier relationships and maximize interactions.

Project C.U.R.E, Houston, TX

Jun. 2024 – Dec. 2024

Supply chain Management Intern

- Collaborated with a team of 6 interns and professional staff to complete compliance work, finishing 4 weeks ahead of budgeted schedule
- Led strategic sourcing of medical supplies tailored to specific project and organizational requirements, negotiating with 50+ Vendors and donors to achieve 21% cost savings while strict quality standards
- Built inventory allocation and demand planning models using past consumption patterns, improving shipment readiness accuracy and reducing last-minute sourcing delays by 22%

University of Houston, Academic Services, Houston, TX

Aug. 2023 – May 2025

Instructional Assistant

- Delivered exceptional teaching service to over 150 students, consistently demonstrating concepts and prompt guidance to ensure a positive learning experience for all aspirants under Prof' Diogo B. Carvalho.
- Supervised 40 other co-students in special teaching sessions and remained fully accountable for assigning and grading daily projects of global business principles.

Gerab India Engineering Products Pvt Ltd, Hyderabad, INDIA

Feb. 2021 – July. 2023

Project Expeditor

- Spearheaded end-to-end global supply chain operations, valuated 50+ global suppliers for capability, cost, and capacity, overseeing international projects valued at over \$30 Million for the Iraq and Egypt Bu. units.
- Cooperated closely with project managers, stakeholders, and cross functional teams ensuring each supply process was executed accurately and efficiently, and all deadlines & promises were met.
- Applied Lean methodologies and utilized SAP ERP(H4/HANA) System to identify bottlenecks, then implement risk mitigation strategies to avoid inventory stockouts, and to streamline demand and supply planning for faster, more cost-efficient fulfillment.
