Software: SQL Server Management Studio, Visual Studio, MySQL Work Bench, Tableau, ERP, Power BI, Sentry One, Spotlight, MS Excel, Jira, Wrike, ServiceNow, Poll Everywhere, HPSM(SM9).

WORK EXPERIENCE

Governors State University

University Park, IL

Graduate Assistant at Dean's Office

Oct 2024 - May 2025

- Analyzed faculty workload across 12 semesters, developing normalized workload indices (enrollment, course prep, modality) to improve resource allocation, reduce reporting time, and create a sustainable dashboard.
- Managed Blackboard course shell migration for the College of Business, optimizing content structure, aligning with new functionalities, and ensuring data completeness.

STEM Camp Counselor

Jun 2024 - Aug 2024

- Designed and facilitated STEM activities, boosting student participation by 30% and improving operations by 25%.
- Fostered an inclusive learning environment, coordinating with faculty, staff, and parents; certified in Adult and Pediatric First Aid/CPR/AED (American Red Cross, 2024).

Allscripts(Altera Digital Health)

Pune, India

MS Database Administrator

May 2021 - Aug 2023

- Increased client satisfaction by 15%, oversaw 200+ instances and 1500+ databases, reducing downtime by 20% through Database Mirroring and clustering. Promoted for outstanding work performance.
- Implemented server automation (25% reduction in manual processes), led MSSQL upgrades during acquisition, ensuring smooth migration.
- Optimized 2000+ databases with high-availability setups, improving query performance by 20% and reducing costs by 30% through Azure migration.
- Provided 24/7 support, resolving critical issues (15% faster resolution), managed and mentored a team of 10+ interns, and administrators, also ensured 100% data integrity with backup/recovery processes

Mphasis

Pune, India

Specialization Trainee Infra Engineer (SQL DBA)

Aug 2019 - May 2021

- Actively listened to customer requests, confirming understanding before addressing concerns; conducted daily monitoring, error log checks, and log file evaluations, boosting system uptime by 15%.
- Automated server health checks, database refreshes from Production to Dev/Test environments, reducing refresh time by 20%, and supervised backup/recovery processes to ensure 100% success in recovery objectives.
- Resolved SQL bottlenecks, improving system performance by 10%, and provided 24/7 support, handling failover/fallback in cluster environments to ensure business continuity.

EDUCATION

Governor State University

University Park, IL

Master of Science in Business Analytics, GPA: 3.94/4.00

Graduation Date: May 2025

JSPM University of Pune

Pune, India

Bachelor of Engineering - Information Technology

Graduation Date: May 2019
