## Professional Summary

Results-driven Data Analyst and Web Developer with over 2 years of experience in data analysis, visualization, and backend development. Proficient in SQL, Tableau, Python, PHP, and JavaScript, with expertise in creating dynamic websites, developing secure database-driven systems, and designing interactive dashboards to deliver actionable business insights. Skilled in data visualization, backend development, and database management, with a strong focus on problem-solving, teamwork, and decision-making. Demonstrates a commitment to leveraging technical and analytical skills to drive data-driven decision-making and optimize business processes.

## Technical Skills

- **Data Analysis & Visualization:** SQL, Tableau, SAS Visual Programmer, Data Analysis, Data Visualization.
- **Programming & Development:** Python, PHP, JavaScript, HTML, CSS, Back-end Development.
- **Tools & Software:** MS Office Suite, Database Management, Oracle, WAMP/XAMPP Server.
- **Domain Knowledge:** Data Analytics, Operation Management.
- **Soft Skills:** Leadership, Teamwork, Problem-Solving, Decision-Making, Communication.

## Professional Experience

### *Data Analyst Intern*

**ProCareer** | *(Remote)* | 2024 - Present

- Participated in a structured, mentor-led internship simulating real-world data analysis.
- Cleaned, transformed, and analyzed datasets using SQL for querying and data preparation.
- Designed and developed interactive dashboards in Tableau to visualize key metrics and trends.
- Performed exploratory data analysis (EDA) using SQL and Tableau to extract actionable insights and support decision-making.
- Created SQL queries and Tableau dashboards to streamline data pipelines and presented results to technical mentors.
- Optimized SQL queries to improve data retrieval efficiency and ensure accurate reporting.
- Integrated SQL datasets into Tableau for seamless visualization and dynamic reporting, enhancing data-driven decision-making.

**Web Forest LLP**, Surat, India | April 2022 – May 2022

- Successfully developed two fully functional, dynamic websites using **PHP, HTML5, JavaScript, and CSS3**, ensuring responsive design and seamless user experience.
- Designed and implemented five robust user authentication interfaces, including login and registration pages, with advanced form validation techniques using PHP, HTML, and CSS.
- Worked extensively in WAMP/XAMPP server environments to test and deploy web applications, ensuring optimal performance and functionality..
- Gained comprehensive hands-on experience in backend development, focusing on server-side scripting and database integration.
- Managed Oracle databases to handle data storage, retrieval, and manipulation, enhancing the efficiency and reliability of web applications.
- Collaborated with the development team to troubleshoot and resolve technical issues, ensuring timely project delivery and adherence to quality standards.
- Strengthened expertise in web development frameworks and backend technologies, contributing to the successful execution of client-focused projects.

## **Education**

### **Master of Business Administration in Data Analytics**

Tiffin University, Tiffin, OH — May 2025 (GPA: 3.83/4.00)

### **Bachelors in Computer Applications**

CVM University, Anand, India — *September 2020 –May 2023*

## **Projects & Research Highlights**

- Conducted data analysis using SQL and Tableau, creating optimized queries and interactive dashboards to extract actionable insights.
- Designed and developed dynamic websites with secure user authentication systems using PHP, HTML, CSS, and JavaScript.
- Gained hands-on experience in backend development, database management, and server-side scripting.
- Collaborated with teams to troubleshoot issues and deliver high-quality, client-focused projects.
- Strengthened expertise in data visualization, web development frameworks, and efficient data pipelines.

## **Certifications**

- **TULDP Certificate of Leadership** – Tiffin University
- **Tableau Online Training Course** – FolksIT
- **Introduction to Career Skills in Data Analytics** – LinkedIn Learning

- **SQL Online Training Course** – FolksIT
- **Exploratory Data Analysis for Machine Learning** – IBM Skills Network, Coursera
- **Java Database Connectivity (JDBC) Introduction** – Learn Quest, Coursera
- **JavaScript Basics** – University of California, Davis, Coursera
- **Introduction to Artificial Intelligence (AI)** – IBM Skills Network, Coursera

## **Additional Information**

- **DOB:** October 30, 2001
- **Visa Status:** F-1 Student (Authorized to work)
- **Relocation:** Open to opportunities across the U.S.
- **Languages:** English, Hindi, Gujarati.
