PROFESSIONAL SUMMARY

Detail-oriented accounting and finance professional with proven experience in financial reporting, AP/AR, budgeting, and data analysis. Skilled in GAAP compliance, reconciliation, and variance analysis, with hands-on expertise in Excel, SQL, Power BI, QuickBooks, and SAP. Adept at optimizing financial processes, improving reporting accuracy, and supporting strategic decision-making. Strong collaborator with leadership and cross-functional teams, currently completing a B.S. in Accounting at Western Governors University (expected Aug. 2025). Seeking to contribute analytical and technical skills in an accounting-focused role.

SKILLS SUMMARY

Excel	QuickBooks	GAAP
AP/AR	SAP	Alteryx
SQL	Power BI	Tableau
Financial Reporting	Financial Analysis	Financial Modeling

EMPLOYMENT HISTORY

Health Literacy Media Feb. 2025 – Now

Business & Accounting Associate

- Managed full-cycle accounts payable and receivable processes totaling \$500K+ monthly, maintaining 98% accuracy through consistent reconciliation and documentation.
- Generated and updated weekly AP/AR aging reports, leading to a 22% reduction in overdue receivables through improved tracking and timely follow-ups.
- Performed monthly credit card and expense report reconciliations for 100+ transactions, reducing discrepancies by 25% and strengthening audit readiness.
- Collaborated with leadership to review financial obligations, prioritize disbursements, and support short-term cash flow planning and compliance initiatives.

Guaranteed Rate Affinity Apr. 2024 – Aug. 2024

Data Analyst

- Developed financial reports and analyses using SQL and Tableau, enhancing decision-making across 218 offices and 2,000 employees, leading to improved revenue forecasting and cost optimization.
- Processed financial transactions in compliance with established procedures, improving data accuracy and reducing discrepancies by 18% through Excel audits and Power Queries.
- Assisted in monitoring and forecasting resource allocations, aligning financial performance with organizational goals and enhancing fiscal planning.

Charter Communications May 2023 – Feb. 2024

Business Systems Analyst Consultant (Contract)

- Created and maintained Power BI dashboards, helping executives reduce operational costs by identifying inefficiencies and improving budget allocation.
- Facilitated the preparation and monitoring of project budgets, ensuring alignment with financial targets and regulatory compliance.
- Supported internal and external audit preparations by managing financial documentation.

Asset Consulting Group Nov. 2022 – Feb. 2023

Performance Analyst Consultant (Contract)

- Trained new employees in financial data entry and reporting procedures, improving team performance and maintaining accuracy in document management systems.
- Designed a systematic approach for determining the appropriate timeframe to locate required documents, resulting in a reduction in search times by 40%.
- Prepared detailed financial reports and analyses for over 100 clients, enhancing visibility into investment performance metrics and facilitating data-driven decision-making using Bloomberg Terminals.

First Signature Lending

Sept. 2020 – May 2022

Mortgage Loan Originator

- Assessed client financials using Excel and Encompass to determine creditworthiness, contributing to millions in closed loans and a 20% reduction in processing time through workflow improvements.

Bendix Corporation

Jan. 2019 – Jun. 2019

Warranty Analyst Consultant (Contract)

- Audited SAP and QuickBooks warranty claims and redesigned credit memo workflows, reducing errors by 25% and improving productivity by 15%.

WestPoint Financial Group

Apr. 2018 – Aug. 2018

Financial Services Representative

- Recommended financial products aligned with client goals, maintained compliant records, and developed 50+ new prospects monthly.
