PROFESSIONAL SUMMARY

Results-driven Full-Stack Engineer skilled in React, TypeScript, Node.js, and modern web frameworks. Proven track record of delivering scalable applications that increased online sales by 22%, reduced API costs by 40%, and improved user engagement by 25%. Passionate about building intuitive, high-performance products that solve real business problems.

TECHNICAL SKILLS

Frontend: React.js, Vue.js, TypeScript, JavaScript, Tailwind CSS, Material UI

Backend: Node.js, Express.js, REST APIs

Databases: PostgreSQL, SQL

Tools: Git, GitHub, Vite, Netlify, Firebase, Jest

SELECTED PROJECTS

La Placa Family Bakery | Full-Stack Engineer | [Live Site](#)

- Increased mobile orders by 30% and boosted online revenue by 22% through a responsive e-commerce platform.
- Refined UI/UX design to improve customer satisfaction scores by 15%.
- Optimized component structure and load speed, reducing mobile bounce rates by 18%.

Movie Search App | Full-Stack Engineer | [GitHub](#) | [Live Demo](#)

- Delivered a movie discovery platform with sub-200ms search response times using React, TypeScript, and TMDB API.
- Implemented debounced live search and autocomplete, cutting redundant API calls by 40%.
- Integrated AI-powered chat assistant, driving 25% higher user engagement.
- Built persistent favorites feature, increasing repeat sessions by 20%.

Real Estate Web Application | Full-Stack Engineer | [GitHub](#) | [Live Demo](#)

- Developed property listing platform supporting 5,000+ listings with advanced filters, sliders, and pagination.
- Reduced API errors by 35% via Bayut API integration and Bottleneck rate-limiting.
- Optimized deployment on Netlify, achieving load speeds under 1.5s.

Netflix Clone | Full-Stack Engineer | [GitHub](#) | [Live Demo](#)

- Built Netflix-style streaming interface with React, Firebase Auth, and Firestore, onboarding 100+ test users.
- Integrated TMDB API for trending and genre-specific content with real-time updates.
- Designed modular UI components for banners, rows, and modals, delivering a polished streaming experience.

PROFESSIONAL EXPERIENCE

Software Developer Intern | Nodeda | Sept 2024 – Dec 2024

- Led dark mode rollout across SaaS platform, improving accessibility scores by 25% and reducing UI-related support tickets.
- Collaborated with designers and engineers using Vue.js and Tailwind CSS to deliver consistent UI updates.
- Streamlined deployment pipeline on Netlify, reducing build times by 40%.

EDUCATION

Certificate in Web Development | FullStack Academy @ San Jose State University | May 2023 – Oct 2023

Completed a 6-month intensive program covering full-stack development with JavaScript, React, Node.js, SQL, REST APIs, and Git/GitHub workflows.
